COOKING BAKING

EASY FOR THE MODERN HOUSEWIFE

What a contrast—the serene, carefree countenance of the modern housewife—and the wrinkled face of the shouldered house drudge of yesterday!

GAS HAS LIFTED THE LOAD

has been made possible in the "1941 TAPPAN Gas" to cook a meal with less labor and far more certain results than one could ever prepare on the old-fashioned kitchen stove.

The new TAPPAN Gas Range is virtually self-cooking. The automatic devices minimize the time women spend in the kitchen and the cost is relatively small.
