Mr. and Mrs. Floyd Crowner and daughters were guests of Mr. and Mrs. Charles Jordan in Hornell, Sunday.

THE HI HERALD

(Continued from Page Six)

biographies. During the course of the year it is hoped that teachers will all be interviewed, but if you are skipped, wait until next year. The first presentation is Mr. Maloy, and is as follows:

His full name is William Harman Maloy. He was born in Clyde, N. Y., and all of his childhood days were spent attending Clyde High School where history was his favorite subject. Queerly enough, tho, his chief aim, even in his teens was to be a Supervisor of Science (toward which he seems to be advancing very neatly.)

"When we went to school," Mr. Maloy remarks, "there were no fancy assemblies and beautiful auditoriums. Furthermore, phys. ed. was just a game of chance and broken legs, just a daily routine."

The outstanding movies which Mr. Maloy liked best were "The Thief of Bagdad," and "Rebecca"; while the Citadel was the book most enjoyed.

Mr. Maloy is our young and popular science teacher of Andover and with his energy and ambition, plus his personality, he will gain much success unless the Hi Herald is terribly mistaken.

Fourth Division Started In Dairy Herd Improvement Association

Harold Sisson, Almond, has been selected by the directors of the Albany County Dairy Herd Improvement Association to supervise the testing work in a fourth division of the association. Three divisions have been operating for several years, but these are now full, and the fourth division has been started to take care of several requests for this work.

At the annual meeting of the D. H. I. A. held in Belmont recently, Arthur Williams of Rushford was elected president for one year; Glenn Covell, Whitesville, re-elected secretary-treasurer; and Jacob Trenkle, Portville; Ceylon Snider, Fillmore; Lester Rees, Fillmore; Lloyd Robinson, Alfred and Carl Clarke, Andover, were elected directors for one year.

Plans for the annual banquet to be held this spring were started and an explanation of the cost and value of testing in the Dairy Herd Improvement Association was given by C. R. Harrington, county agricultural agent. There is still an opportunity to join the D. H. I. A., according to Mr. Harrington. More information can be obtained at the Farm Bureau office in Belmont.

Whitesville

(Mrs. Ella Millsbaugh, Reporter)

Mar. 11.—F. G. Rigby was in Albany Monday and Tuesday of last week on business.

The Methodist Men cleared about \$35 on their dinner served last Wednesday evening.

Robert Taylor is recovering from an injury to his left foot received while playing basketball one night last week.

A fine delegation of Whitesville people attended the Apollo club concert in Whitesville, Wednesday and Thursday evenings.

Mrs. Mae Probasco and daughter, Mrs. Elwin Gath returned recently from a visit to Mrs. Probasco's sister and family, Mr. and Mrs. Herbert Robbins of Frederick, Md.

Mrs. Floyd Kelly, who has been ill for some time, is able to be about again.

Mrs. Maynard Rogers is now employed at the Borden milk plant as assistant bookkeeper.

"Old Man Winter" is giving what we hope will be his farewell salute since Saturday. From 8 to 15 inches of snow has fallen, mercury went to sub-zero Sunday night. Monday a beautiful sunny day, Tuesday snowing heavily again.

Ray Hazlett has bought the former Lorenzo Brown farm on Main street, of the Rosa estate and resold it to the Whitesville Wrecking Co., retaining one of the two houses on the place. Lorenzo Brown, the father of the late Mrs. George C. Rosa of Whitesville, was one of the early settlers of Whitesville and one of its most highly respected citizens and a pillar of the Methodist church until his death. The farm has been owned by the family for over 100 years.

Drake has rented the Willen farm and will move his there soon from the Archie farm.

Raddliff of Call Hill called grandmother, Mrs. Emily Friday.

Order Farm Machinery Parts Now

The New York State College of Agriculture at Cornell University is issuing a warning to farmers to check up on their farm machinery now and order any replacement parts that may be needed at once, as several manufacturers of farm equipment now have defense contracts and it may be difficult to get parts if you wait until you want to use your machinery for spring work.

Boiling a new rope clothes line for a few minutes in soapy water softens it and lengthens its life.

TRUTH
 Today's popularity of Doan's Pills, after many years of worldwide use, surely must be accepted as evidence of their value. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read. The objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorders of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed. Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out. Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

DOAN'S PILLS
 Tin or aluminum frying pans will wear better if cold water is not poured into the hot pans.
