Nov. 14.—A uniform price of

\$1:99 a hundred pounds for milk marketed in February thru the pricecontrolled pool of the New York metropolitan milk marketing area was determined and announced today by N. J. Cladakis, administrator of the marketing area. The price applies to milk of 3.5 per cent butin ly voted to refinance and enlarge the terfat in the 201-210 mile zone. As a result of seasonal advance in

production and the lower values of surplus milk products, the price is six cents 100 pounds less than the uniform price for January and 11c Mr. Cladakis pointed out that es-

timates of the administrator's ofifice, prepared in advance of the computation, bracketed the price within a three-cent range. The earliest forecast placed the value of February milk at \$1.97 and a later esti-E. C. Willard, \$1.00, Alfred Sta- mate lifted the appraisal to \$2.00. The February pool contained 384,-1850,195 pounds of milk with a total value of \$8,467,199.51. The quality and the value are less than the

> 392,317,239 pounds worth \$8,986,-835 26. February this year was also one day less than in 1940. The chief reason for the lower uniform price as compared with the previous month as well as with last February is the lower value of but-
