Able as they are, the Legionnaires cannot make as big a success of the annual Memorial Day event with out public co-operation as they can with it. They ask that co-operation again. It is fitting that we each do our town.

One Form of Sabotage

HE Coatesville, Pa., "Record" recently published! a letter written home by a young man who had been taken into the Army under the Selective Service Act. He said:

"We give up a year of our lives, the comforts of nomes, and countless other things for barracks, hard work and duty from sun-up to sun-down. We do our range the facts a little to make it believable part and do it harder than anyone at home, and yet it's the people at home who are doing the kicking and squawking.

"They kick about wages and squeal about hours, strike, threaten to strike, tie up machinery, and there you are—The people wanted soldiers—millions of country" in the world, because it uses about one-third than they do of their own children and relatives." It is interesting to know what young men who are serving their country in the Army for less than a dollar the American market since 1900. a day think of the highest paid workmen in the world who threaten to block defense production unless they are paid still more.
