Service Organizations Form U. S. O.

TT ITHIN the past few months, six national religious and social organizations, the Young Our Churches Grow Men's Christian Association, National Catholic Community Service, Salvation Army, Young Women's TT IS interesting to report that a larger percentage National Travelers' Aid Association, joined forces i an undertaking designed to promote the welfare of the try. The primary objectives of the U. S. O. are main-

tenance of good spirits among America's young defend- organized churches. ers; provision for them of opportunities for wholesome tecreation in their leisure time from camp or naval station, and, where necessary, from defense factory. Also, to provide facilities for attending their religious duties and for obtaining the guidance and consolation of their respective faiths.

The U.S.O. expects to establish, staff and maintain service clubhouses for recreation and personal areas thruout the nation and at our large overseas stations and defense industries. More than 330 of Southern Baptist Churches, with an enrollment them will be especially for the men in our armed 4,949,174,

ment in the camps and training stations.

Plans are now being made by Allegany County Chairman Neil S. Sullivan for the drive in Allegany county which will be carried on some time this month. Fay E. Boyd is the local chairman for the drive.

How Rich Are You?

day I am going to write a book about how every man lows: 1,036, 972, 1,216, 1,389 and 1,334. This adds up and woman may be rich right now, today, in the things to 5,947 airplanes made in this country in the present Secretary of War, Army Chief of tial to civilian welfare—such as that really count.

Here it is:

stumbling blocks; if you have thought more in terms of 'thyself' than 'myself,' or if you have managed to be cheerful even if you were weary. You are richer to sesses good humor and enjoys the foibles of the human at emergency" exists of a more sectors in 13 shipbuilding, 16 aircraft night than you were this morning if you have taken race. time to trace the handiwork of God in the commonplace things of life, or if you have learned to count things that really don't count, or if you have been a ever we do, we are not helping the Russians; they are it will promote its officers on the aircraft riveter, tool and die maker, tail under the Alcoholic Beverage little blinder to the faults of friend and foe. You are helping the democracies. richer if a little child has smiled at you, and a stray dog has licked your hand, or if you have looked for the -"The Silver Lining."

Business goes where it is invited-but remains? only where it is well-treated.

were equal to 1,000 long-range bombers.

good people to disbelieve it.

Every driver will help—will you?

Contribute Scrap Aluminum

▲ FTER checking the results obtained in test drives in four counties of Virginia and Wisconsin, the Office of Production Management will soon apseal to the people of the United States to salvage 20, 300,000 pounds of aluminum from kitchen pots and pans and various sources of scrap metal. In the tests, recently completed at Richmond, Va.,

and Madison, Wis., some 80,000 pounds of aluminum three or four times the amount expected, were nearly three long-range bombers.

The people of Allegany county, we feel sure, will enthusiastically co-operate with the people of sections in this salvage enterprise which will mean the President to alter his belief, much to the defense program of the United States, stated in 1939, that the U.S. could Rev. Lloyd L. Tebo at 11:00 (Day-They will provide the needed metal for more than six and would stay out of the war. light Time) July 12. hundred giant flying fortresses which will help keep! this country free and independent.
