PREVENTION WEEK October 5th-11th

Fire losses in this country during 1940 were estimated at \$306,469,000. According to the National Board of Fire Underwriters, this would have paid for the purchase of 45 cruisers for our Navy!

There are countless ways in which adults, thru ignorance or carelessness start fires.

As our part in National Fire Prevention Week, may we suggest that you take the following precau-

1-Clean your Chimneys and Stove Pipes - Soot Remover will do the job well.

2—Insulate your furnace pipes with Asbestos. 3-Check your gas and electrical appliances for

bare wires or leaks in hose and pipe connections. 4—Burn your papers and refuse in Wire Rubbish Burners to confine flames to a limited area.

5—Analyze possible fire hazards in your home and rectify the condition.
