### QUALITY NOT QUANTITY

Bong, bong, bong, went the gong as it announced the approach of another of the campaign speeches which occurred about every 20 minutes last week during the contest between the Cooperative and Progressive parties. This repetition became quite amusing as time went on and resulted in a certain disregard of the points of the campaign speaker on the part of the students.

Next year another council will be chosen and campaigning will undoubtedly precede this event in the same manner as before, namely, by the use of the public address system.

Doesn't it seem inefficient to make so many speeches of inferior quality in which only a few minor points on the matter at hand are considered, when a good, well-developed speech would put across the desired point so much more forcefully?

They say that no matter what the time, what the place or what the event, it's the quality of the thing, not the quantity that counts. So, a word to the political parties—consider this viewpoint on public addresses, and make a note of it for future reference, say next year at this same time!

## Voting Machine Used

The pupils of A. C. S. enjoyed the privilege of again using the voting machine last Friday for the purpose of electing Student Council officers for 1941-42. This was a repetition of last year's procedure when the voting machines were used for the first time by the students.

George Karcanes, Mary Baker, Arthur Temple and Jean Rogers composed the board of examiners from the two parties. Stan Ruger, Paul Ryan and John Dean won the election.

## Our Homemakers

I didn't think I was going to let you in on any homemaking news this week until "some" young gentlemen came to pay the Homemaking girls a visit Friday. Who were they? Namely Stan Ruger, John Dean, Wendall Vars and Paul Ryan. They were going to make some coffee!

However, to their regret and the homemaking girls, too, Miss Mahl had no coffee in store and the poor boys had to leave.

## Senior Horoscope

Name: MARGARET VERONICA LYNCH

What do you intend to do after graduation?:—Attend R. B. I. Business School.  
What do you want Santa to bring you?:—A convertible coupe with all the trimmings.  
"Peg" is a member of the Library and Intramural Councils.  
Her lucky colors are all shades of blue. People born in May possess a generous heart. A certain old book advises: "Don't get unnecessarily excited and don't be too easily persuaded."  
We wish "Peg" lots of luck in the future.

## Ryan Leads Candidates With 66 Votes

Paul Ryan, a Cooperative party candidate, received the highest number of votes in the Student Council election which took place last Friday afternoon at the village hall, where the voting machine was used by all those casting their ballots. Paul, a Junior who has hopes of becoming a Senior in January, received 66 votes; John Dean, a Senior from the Progressive party was close behind with 65 votes; Stan Ruger, a Progressive Senior, received 58 votes, thus becoming the third member-at-large of the 1941-42 Student Council.

## Senior Class to Present Amateur Show

The Senior Class of A. C. S. will in the near future present an amateur show. Plans were completed at the last meeting when President Stanley Ruger announced the committees for the show. Following are the committees:

Tickets: V. Oakes, P. Lynch, C. Gath.  
Judges: W. Vars, W. Dolan, M. Steadman.  
Committee for talent: John Dean, J. Rogers, S. Ruger, R. Yannie, P. Lynch.  
The Senior Class hopes the townspeople will cooperate both in helping supply the talent and in patronizing the show. A low admission charge is planned so that everyone will be able to attend.  
Anyone wanting to enter the contest should see any member of the talent committee, Stanley Ruger or Wm. H. Maloy. If you can play an instrument, sing or dance be sure to enter. Valuable money prizes will be offered.

## Student Council Assembly Held

Friday morning in the gym, the two political parties, the Progressives and the Cooperatives, presented their candidates and platforms in very unique style.

The Progressives took the floor first. The stage was set to resemble a courtroom with the noble Charles Gath as presiding judge. A jury of four occupied the stage right and the three Progressive candidates, Stanley Ruger, Wanda Dolan and John Dean, the defendants, occupied the stage left. Lawyer George Karcanes cross examined each witness and gave the witness a chance to speak for himself. After a brief recess, the jury returned the verdict of guilty and each defendant was sentenced to one year of hard work as a member of the Student Council.

The Cooperative party followed with an equally unique idea. A "Man of the Street" program was presented with Arthur Temple presiding as the master of ceremonies. Many people were interviewed, including candidates Paul Ryan, Anne McDonough and Victor Oakes. Various types from a French teacher, Patricia Lynch, to a tramp, "Pete" Howland, were questioned.  
The students thoroly enjoyed both programs and whether they were influenced as to how to vote on it, at least the original presentations demonstrated the ability of the young people both as playwrights and as actors.

## Grade News

Jack-o'-Lanterns, black cats, owls and witches are being made by grades 1-8. The figures are being used to decorate the windows and bulletin boards.

The third grade has made murals of the farm and of the city to decorate the room.  
Caring for broken bones is the pastime of Barbara Wintemberg and Virginia Ellis of the fourth grade. Both arm injuries are coming along fine.  
The fifth grade has learned the art of making spatterwork pictures with various leaves and milkweed.  
As one enters the grade room of Miss Baker, his attention is first drawn to the trees made by the pupils of the seventh grade art class. The artists first drew a picture of a tree and then pasted small pieces of colored paper on the tree. The result is very effective.

## Representatives For Student Council Elected

Tuesday morning at 9 the class elections of representatives for the student council were held. The results were:  
Freshmen: Clara Hann. Sophomore: Dick Potter. Junior: Arthur Temple. Senior: Catherine Perry.  
These people will represent their respective classes in addition to Jack Dean, Paul Ryan, and Stan Ruger, who were chosen by the student body at large.  
The Student Council, with Mr. Maloy as faculty adviser, is planning on an excellent program of activities for the school year, which, it is hoped, will make for better cooperation and school spirit among the pupils.

## Banes Around The Boulevard

(By BUTTON)

We hear that Patricia L. did some fancy work on a nearby gas station recently. But then, we must have our driving experiences before we can become experts.

What is the mystery involved in coffee making? The physics class evidently scents one, for they visited Miss Mahl's department in an effort to uncover the secret. The experiment was postponed because of lack of materials however.

There will be some broken bones and there are some black and blue spots when one wears leather soled shoes on the stairs. As we say in chemistry:

Leather soled shoes: (are to) stairs : : (as the) banana skin: (is to) the pedestrian." As to results, just ask Jean R. She can tell.  
Now that the political campaign are over it seems good to settle down, doesn't it?

Some pretty fancy "figuresses" are being cut in the corrective exercise room at noon. A Jitterbug Contest should be staged. Wonder who'd win?

Those prediction notes added to the Senior Interviews are something new. Where do they originate. JB

## ACS Teachers Go To Rochester Conference

Teachers from Western and Central New York schools, including Andover Central School will journey to Rochester Thursday and Friday to attend the annual teachers' conference held there.

Several of the teachers including Miss Mahl, Miss Emily Butler and Miss Gottlieb will attend the teachers' conference in Buffalo.

Meanwhile the students are looking forward to another two day vacation.

## F. F. A. Meeting Held

President Patrick Lynch called to order the second F. F. A. meeting of the year last Tuesday afternoon and at this time activities were planned for 1941-42. Leo Lewis was elected reporter for the year. A committee consisting of Charles Gath, Leo Lewis and Dick Ludden was appointed to make plans for a dance some time soon.

Mr. Frivol's father's car, which has been undergoing various repairs and overhauling operations, was brought forth for inspection. Before adjourning the group made plans for another meeting to be held in the near future.

## Mr. Maloy Escapes Near Catastrophe

The boys were busy with an interesting experiment on how the vacuum coffee-maker operates last Monday in physics class, when suddenly the class was aroused by the frenzied cries of Paul (Life-saver) Ryan, who had seen Mr. Maloy's hair suddenly catch on fire as he bent down too close to the Bunsen burner.

Fortunately, Mr. Maloy was able to put the fire out before the flames had done him any physical damage and no one, including the professor himself, was the worse for wear.  
P. S.—The coffee was fine. VO

## Home Economics Class Shows Movie

"The Milky Way," a movie put out by the New York State Department of Health, to encourage people to drink more milk was shown in the science room Tuesday during activity period. The movie was shown especially for the Home Economics class. Special emphasis was put on the importance of milk in the daily meals. The movies were attended by those students interested in the topic.

## Freshmen Frolics

Why were the Freshmen so nice to Miss Anderson Monday morning? Don't take us wrong.

The flies have disappeared. Now what are you going to do, Craig? Al. G.'s cough seems to be catching.

What's so interesting at the lower end of study hall, Pat? We know it isn't the encyclopedias!  
Whitesville lads seem to think the Andover girls are pretty nice. Eh, Argene?

What is this whispering going around about a Halloween party? Talk a little louder, Freshmen.  
The Freshmen enjoyed the political campaign immensely. CH-SM

## LEAGUE BASKETBALL SCHEDULES ARE ANNOUNCED

The Section 1 basketball schedule of Allegany county was announced last week. The teams in this section are Andover, Scio, Richburg, Allentown and Whitesville.

Coach Ingerson also has secured games with Alfred-Almond and hopes to obtain contests with Wellsville and Greenwood.

Following is the league schedule of Andover games:  
Dec. 12: Whitesville, home.  
Dec. 19: Allentown, away.  
Jan. 9: Scio, home.  
Jan. 15: Richburg, away.  
Jan. 23: Whitesville, away.  
Jan. 30: Allentown, home.  
Feb. 6: Scio, away.  
Feb. 19: Richburg, home.

## NEW OUTDOOR BASKETBALL COURTS COMPLETED

The boys can try out their basketball skill any time during the year now. This was made possible with the completion of the outdoor courts last week. Coach Ingerson believes this should be a vast help to the young boys wishing to play basketball when they enter high school. These courts will give more people a chance to play basketball.

## Social Hour Held

With the pleasant fall evening Monday night, came an unusually large group of dance enthusiasts to the A. C. S. gym for an evening of dancing and fun.

ACS "guys" and "gals" trucked around to the tunes of the Victrola. The broom dance and the boy-and-girl tag dance formed a center of entertainment.

It is interesting to note too, that the used-to-be "wooden soldiers" are loosening up.

## First Library Council Meeting Held

Miss Jean Rogers, president of the Library Council, called to order the first meeting of the council on Monday afternoon in Room 214.

At this meeting Miss Anderson discussed Book Week, Nov. 3-7, the title this year being "Forward With Books."

A party was planned for next week and the following committees were appointed by President Rogers: Entertainment, Patricia Lynch, chairman. Refreshments, Catherine Perry, chairman. Clean-up, Wanda Dolan, chairman. Each chairman is to appoint her own "aides."

## FOOTBALL FORECAST

The results of last week's guessing contest were so encouraging to us that we are showing no hesitation in climbing out "on the limb" again this week. The games look tough and will be more than satisfied if we can maintain our 80 per cent batting average. With a few quick glances into the crystal ball and a few preliminary flips of the coin, here goes:

Alabama to nose out Georgia. Columbia to stop Army. Easton College over Georgetown. Cornell-Colgate a tie. Dartmouth to defeat Yale. Duquesne over Marquette. Fordham to stay undefeated at the expense of T. C. U. Navy to sink Harvard. Notre Dame to keep rolling over Illinois.

Indiana to eke out over Wisconsin. Purdue over Iowa. Kentucky to defeat West Virginia. Villanova easily over Manhattan. Minnesota to whip Michigan. Tulane's Green wave over Mississippi!

Wake Forest to upset North Carolina. Northwestern to bounce back against Ohio State. California to nose out Southern Cal.

Washington over Stanford's famous T formation. Nebraska to defeat Missouri. Ga. Tech to mystify Auburn. Oregon State to defeat Washington State.

Brown over LaFayette. Alfred to nose out Buffalo. Syracuse to whip Rutgers.

## DEFENSE BOND QUIZ

Q.—How many Defense Savings Stamps does it take to fill an album?  
A.—Seventy-five 25-cent stamps. Seventy-five 50-cent stamps; seventy-five \$1 stamps; or fifteen \$5 stamps. The completed albums are immediately changeable for Defense Bonds (Series E) at your post office, or through your bank.

Q.—Who directs the National movement to sell Defense Savings Stamps in retail stores?  
A.—The Treasury's Retail Advisory Committee, of which Benjamin H. Namm, of the National Retail Dry Goods Association, is chairman. Officers of 13 other great national retail organizations comprise the committee.

Note.—To buy Defense Bonds and Stamps, go to the nearest post office, bank or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at most retail stores.
