A PROGRESSIVE FAMILY NEWSPAPER FOR ALLEGANY COUNTY PEOPLE - IN POLITICS INDEPENDENT BUT NEVER NEUTRAL

ANDOVER, N. Y., FOR THE WEEK ENDING THURSDAY, NOV. 20, 1941.

for the Joys of Family, Friendship and Happiness"

the nation this Thanksgiving Day, just as they were

when that first little group of grateful colonists offer-

ed theirs in celebration of the first harvest in their

new land. Hundreds of harvests, hundreds of Thanks-

givings have passed since then. As a nation, at each

of these Thanksgiving observances, we have had much

to be thankful for; each of them saw our country a

little farther down the road of history, a land growing

in power, in area, in wealth . . . and, most of all,

engaged in a tremendous effort that is testing all of

our capacities for ingenuity, for skill, for courage

and patience. We can be Thankful-and with confi-

dence in the future-that the past has proven our

ability to meet problems and to solve them, and that

while our present position is a new one in history, it

is not without precedent in kind and most certainly

will yield to solution by the combined efforts of a

people made incredibly strong by the blessings of

on this Thanksgiving Day. Let each of us indi-

vidually, or as family groups, offer our thanks

as we sit down to that bounttiful feast that is

Nature and three centuries of Freedom.

the outward sign of our gratitude.

THANKSGIVING, 1941, we see our country

in the happiness and well being of a free people.

PRAYERS such as that will be offered all over

"Our Deepest, Most Heartfelt Thanks,

Liberty and Material Well Being, and

O Lord, for the Blessings of Life,

### October Uniform Price of Milk Set at \$2.75

Rise of Nearly 53 Per Cent Compared With Same Month a Year Ago Is Announced by Cladakis.

A rise of nearly 53 per cent in the gross income from milk delivered in October in the New York milkshed as compared with the return from the same month's milk a year ago became a certainty when N. J. Cladakis, administrator of the New York metropolitan milk marketing area, announced that the October uniform price is \$2.75 a hundredweight, which is 83 cents a hundredweight above the October 1940 rate of \$1.92.

"The uniform rate of \$2.75," Mr. Cladakis commented, "means that this October's milk pool has a net farm value of \$13,477,856.59. The farm value is simply the value of the pool's 457,902,082 pounds milk at the uniform price plus the butterfat in excess of 3.5 per cent land the locational premiums. Dairy farmers will collect for their October milk not laten than Nov. 25. 'The gain of \$4,359,964.16 be-I tween the two months, without counting in added premiums for butterfat and location in either month is equivalent to a rise in income o

55 per cent. "The rise in gross income was helped along by an increase of 6.8 per cent in deliveries. Last October deliveries at approved weighed 428,767,871 pounds. This October's deliveries were 29,134,212 pounds higher. "The fundamental reason for the increase of 53 per cent is the climbing value of dairy products as vell as the higher price of \$3.11 a indredweight at which fluid milk was sold in the marketing area. Last October's fluid rate was \$2.45. "Another factor that helped t

swell this October's pool return for dairy farmers was an unforeseen in handlers' reports, is equivalent to 22nd, in the Birdsall town hall. Both nearly 1.5 cents a hundredweight.
