### GAS TANK TOPICS

NOW, more than ever, it is important to take the proper care of your car. Atlantic Lubrication, which is not just an ordinary grease job, will give you many more miles of pleasant driving.

We work from "Check-Charts," prepared by the manufacturer of your particular car. Come in and we will be glad to explain Atlantic Lubrication to you.

GET IN THE SCRAP; BEAT THE JAPAXIS!

WHITAKER'S ATLANTIC SERVICE STATION  
Telephone 796

Bring to this store your used collapsible metal tubes of tooth paste, shaving cream, cold cream, ointments and the like—also used razor blades. We will send them to our Drug Jobber who in turn will ship them to the "Tin Salvage Institute." The funds received by the Institute for the reclaimed metal will be turned over to the Red Cross or other worthy charity. This is urgent. It is estimated that from 20 to 25 tons of collapsible tubes are thrown away every day. People of Andover have shown that they will do everything they can to help win this war, so don't let us slip up on this tiny contribution we can all easily make with just a little thought.

**Vita-Vim**

Find needed stimulation

If you are approaching middle age, don't take it for granted that you should tire easier, have less energy or initiative. Your diet may be lacking in vitamins, so necessary to health. If so—we recommend VITA-VIM Fortified globules, containing vitamins A-B<sub>2</sub>-B<sub>6</sub> (G) C-D-E and Iron. They improve appetite, benefit the eyes, hair, bones, tissues and health in general. VITA-VIM Fortified globules are a safe and sure source of required daily vitamins—and inexpensive!

### Milking Machine Must Be Kept Clean

The New York City of Health has issued a all milking machines m clean or the producers cluded. This new order has a the situation that many milking machines are being New York milk shed be shortage of help, the which are apparently u to the necessary care chines or are heedless of ments. Reason given by the for the unsatisfactory milking machines thru shed include: Failure to dismantle all milking machine p clean and sterilize san Lack of satisfactory ing rods and stiff bristl Signed to reach all corn fees of the equipment quate supplies of good der. Failure to replace which deteriorated due use. Rubber parts w porous are unsanitary; replaced both for reas tion and for the effici of the machine. Failure to maintai solutions in a clean at proper strength an corks instead of solu dry storage also are a sanitary condition o ment.
