Arbor Day and Bird Day Designated By Commissioner

Albany, Mar. 19.—In a proclamation made public today Commissioner of Education Ernest E. Cole designated April 17th for the observance of Bird Day, and April 24th, May 1st and May 8th for the observance of Arbor Day in this State. Local authorities may select the date best suited for their Arbor Day observance. The proclamation follows:

Arbor Day and Bird Day
"There'll be bluebirds over the white cliffs of Dover, Tomorrow, just you wait and see." Yes, and just as surely tomorrow the robins will return to our wonderful New York trees, the violets will bloom in our broad meadows and the lilacs will spread their fragrance over lawn and park.

How thankful we should be for these symbols of God's love and care! How appreciative of the foresight of those men and women who thru the years have labored to conserve them! Amidst the horror and brutality of the war which finally has engulfed America, they give us a "little bit of heaven." They inspire hope and faith that a better day will surely dawn for mankind—a day when the war clouds will disappear and men the world over will live together in friendship and brotherly love.

This year more than ever before we should exert ourselves to protect and preserve our birds, our trees and our shrubs.

By virtue of my office as Commissioner of Education, it is my duty and high privilege to designate April 17th as Bird Day, that day dedicated since 1915 to "the birds, God's poor who can not wait," and April 24th, May 1st and May 8th, as best suits the convenience of each locality, for the observance of Arbor Day.

These observances will be good for us as well as for the birds and trees. For as Henry VanDyke says: "He that planteth a tree is a servant of God, He provideth a kindness for many generations, And faces that he hath not seen shall bless him."

ERNEST E. COLE,
Commissioner of Education

Department Issues 1942 Sparring Order

Albany, March 21.—Sportsmen thruout the state were advised today by the Conservation Department that the 1942 order regulating the sparring of mullet, carp, dogfish, catfish, bullheads, suckers and eels in all waters of the state except those inhabited by trout became effective today.

During the sparring season which terminates the last day of November, sportsmen may take the aforementioned species of fish by means of spearing in all waters not inhabited by trout.

The sparring order is formulated and issued each year and according to J. V. Skiff, superintendent of the department's Bureau of Inland Fisheries, contains local exceptions designed to protect several species of game fish. The exceptions are incorporated in the order upon the recommendations of game protectors, sportsmen's organizations and other interested groups.

Copies of the 1942 sparring order may be obtained upon request to the Bureau of Inland Fisheries, Conservation Department, Arcade Building, Albany, N. Y.

Under the order, the sparring of fish is not permitted in the following waters, of local interest:

- Allegany county: Cuba Lake and Cuba Lake Inlet (Rawson Creek.)
- Schuyler county: Cayuta Lake, Waneta and Lamoka Lakes and channel between these two lakes, except that carp only may be taken; Taughannock Creek and Seneca Lake.

Steuben county: Loon Lake, Waneta and Lamoka (Mud Lake) Lakes and channel between these two lakes, except that carp only may be taken, Cohocton River west of the Savona Highway Bridge; Demon Pond, Smith Pond.

WANDERING WITH WILLIE

NOW that the sun is beginning to shine more than seven minutes a day, a lot of the boys are beginning to talk bats and balls, but with the Army nipping in and getting many of the baseball players, we anticipate that softball will be Andover's most popular sport this summer. (We wouldn't want anyone to let "Bill" McGee know about this) but we think that right in town we have the best fellow to begin talking up softball that we have anywhere in the county.

This fellow we have in mind can get the boys started (and he can keep 'em going too.) Let's all get together and see if we can't organize two or three teams here in Andover!

IT HAS been a long time since Andover folks have had the opportunity to absorb any local original poetry but this poem written by an unknown author, that is he won't admit he wrote it, was handed us by our genial friend Kirk Ruger. It was in his hand writing, he seemed to be pretty well acquainted with how it rhymed, etc. but he won't admit a doggone thing, so you folks can be the judge. This is it:

"Hitler and the Devil"
Old Hitler called the devil
Upon the phone one day
And the telephone girl listened
To all they had to say.
"Hello," she heard Old Hitler's voice
"Is old Satan at home?
Just tell him this is Hitler
Who wants him on the phone."
"Hello," the devil said to Hitler,
And Hitler said "How are you?
I'm raising here a hell on earth,
So just tell me what to do."
"What can I do," the devil said,
"My dear old Hitler Bill,
If there's a thing that I can do
To help I surely will."

Old Hitler says "You listen
And I will try to tell
The way that I am running things
On earth is a modern hell.
I have saved for this for many years
And have started out to kill
This will be a modern job you bet,
Leave it to old Hitler's will.
My army went to Belgium,
Shooting women and children
down,

We shot up all her country
And blew up all her towns.
I started out for Paris
With the aid of poison gas
The Belgians, doggone' em, stopped us,
And would not let us pass.
My submarines are devils,
You ought to see them fight,
They go sneaking thru the stormy seas
And sink the ships on sight.
I was running things to suit me
Until a year or so ago
When a man named President Roosevelt
Told me I had better go slow.
But I didn't listen to him
And he's coming after me
With a million U. S. soldiers
From their homes across the sea.
This is why I called you Satan,
For I want advice from you
I know that you would tell me
Just what I ought to do."

"My dear old Adolph Hitler
There is not much for us to tell
For the U. S. will make it hotter
Than I can for you in hell.
I have been a mean old devil,
But not half as mean as you
And the minute you get down here
I'll give the job to you.
I'll be waiting for your coming,
I'll keep the fires all bright,
I'll have your room all ready
When the U. S. begins to fight!
The boys from U. S. will get you,
I've nothing more to tell,
Hang up the phone and get your hat
And meet me down in hell."

THIS bit of "Nuisance Tax" was handed to a few days ago but it has taken us all week to try and find out the outside track inside our minds. It goes like this—or does it?

We bought the noble green-faced sticker,
With two bucks-nine we paid the car tax,

Put the sticker with the stick side wrong side,
Put the picture side with not any stick side.
So to get the picture side outside, Some put glue on the picture side inside,
Stuck it on the windshield stick side outside.
But me, I've put picture side inside. Why put the picture side outside? Let the Government turn it inside outside,
Or let 'em take the outside wrong side.
