### Current Comments

Begin—To Plan Your  
"Spring Offensive"

Today we cannot read a newspaper or listen to the radio broadcast without reading or hearing reports on Hitler's plans for his "spring offensive."

This Spring, more than any other year, we feel more vigorously the term "spring offensive." Of course the war is the reason.

Usually, in the spring, when the trees and flowers bloom, we become happy and carefree. We want to get out and do things. The situation is a bit different at present, however.

Most of us feel rather pessimistic because of the war conditions, even though it is spring. In reality we should try to become more optimistic now than ever before. Each and every one of us should try to study harder, to do our part to keep up with the morale of the nation, and to do everything possible to take the offensive. In the end, victory will be ours.

### How About You?

America is now engaged in the greatest world war ever known to mankind. She has many allies to help her, it is true, but she also has many enemies—deadly enemies who must be taken care of. To suppress these enemies, every ounce of man power we have must be enlisted in the fight. Not only must we have well organized armies, navies and air corps, but we must also have mobilized groups of co-operative laborers.

The young men, the older men, the women, the children—are doing their part now in one way or another.

How about you?  
Juniors and Seniors in high school—stop to consider the situation! Are you—I refer to upperclassmen, primarily, for you will soon be "out on your own"—are you fitting yourselves for your place in a nation at war? Have you made the most of your high school training? Think it over.

In choosing your vocation, have you selected one which you will not only care to follow later, but which will also help your country right now?

We need "glamour girls" and poets—song writers and brass bands—granted, but far greater is our need for business men and women, nurses, doctors, sailors, soldiers, marines, pilots, mechanics, engineers and serious-minded young people trained in such fields.

Other people are fitting themselves for a place with Uncle Sam—HOW ABOUT YOU?

### Eighth Graders Collect Scrap Materials

The pupils of Miss Ruth Baker's eighth grade have been collecting tin foil and old razor blades. They are doing this to help with National Defense. Several of the students from the other grades have also contributed to the growing collection.

It is probable that the collection will be turned over to the Boy Scouts later.

### School Building "Polished" During Vacation

During Easter vacation the ACS school building went thru a general "house cleaning."

Not only were the floors, including the gymnasium floor, cleaned and polished but all the desks also shone like mirrors. As if this wasn't enough for the janitors to do, the windows were washed too.

It is hoped that the students will help to keep the building in this fine condition for the remainder of the school year.

### Student Council to Sponsor Vocational Guidance Week

A "vocational guidance" week for upperclassmen will be sponsored by the Student Council the week of April 27-May 1.

Every afternoon from 2:30 until 3:45 the Juniors and Seniors will attend lectures to be given by selected vocational speakers.

On Friday afternoon, May 1, at 1 o'clock, Mr. Ludwig Dale, a representative from the Hornell Federal Commercial School will speak in a Junior-Senior high school assembly as a climax to the program set up by the Student Council.

It is intended that thru this special vocational guidance course, the students, especially those who will graduate in June, will find it easier to choose their life work.

### Staff to Enter Editorial Contest

Members of the Hi Herald staff are again planning to enter the annual editorial contest sponsored by the "St. Bona Venture" student paper of St. Bonaventure College.

All entries must be post-marked no later than midnight April 30th. The writer of the winning editorial will be announced on Saturday, May 9th.

Contest rules are as follows:  
1—Any student member of high school newspaper published in New York, Pennsylvania or Ohio may compete.

2—Editorials must not exceed 250 words and should be typewritten and double spaced on one side of the paper only.

3—Best editorial submitted each week will be published the following week in the "St. Bona Venture" with the author's name in a by-line.

4—Editorials will be judged upon their literary merits, the quality of presentation and the interest and timeliness of the subject.

5—Only one editorial a week will be accepted from one person. Additional editorials will be allocated to later weeks.

6—All editorials become the property of the "St. Bona Venture" and none will be returned.

7—Board of Judges John C. Armstrong, Rev. Naughten will consist of the College Faculty and Eugene O'Sullivan, editor of the "St. Bona Venture."

### Seniors To Give Two "Spring Fever" Tickets

Attention, all Junior and Senior high students. To each of two individuals who write the best definition of the phrase "Spring Fever," will be given a reserve seat ticket for the Senior play "Spring Fever," to be presented April 24.

This unusual offer is being sponsored by the Senior class. Anybody can win. Merely state, in as many or in as few words as you choose, what Spring Fever means to you—in general or as an individual—and hand the definition either to Patricia Lynch or Victor Oakes no later than 4 o'clock Monday afternoon, April 20.

A committee composed of the Seniors and certain faculty members will be the judges of the best definitions.

### ACS Students Are Junior Air Wardens

Nine ACS boys have responsible positions in Andover's Defense program. Eighth of them are fire watchers while Paul Ryan, the ninth boy, has the responsible position of being a clerk in the medical division. Mr. Ryan rides with the ambulance.

The firewatchers are Chas. Holt, Arthur Temple, Stanley Ruger, Charles Gath, John Richardson, Richard Potter, Warren Dolan and Donald Emery.

### Ag. Boys Still Raising "Chicks"

Chicks are still being hatched down in the incubator in the school basement. They seem to be a great attraction to the younger students. Some of the broilers have been sold, but there are still about 200 left to sell to anyone who cares to buy them.

### Senior Play Introduces Spring Social Season

The following activities are highlighted on the social calendar for the remainder of the school year:  
April 23—Matinee "Spring Fever."

April 24—Senior play "Spring Fever."

April 28—Baseball game at Scio. May 1—Junior Prom.

May 1—Baseball game, Angelica, here.

May 7—Baseball game at Canaseraga.

May 15—Baseball game, Alfred-Almond, here.

May 21—Baseball game, Whitesville, here.

May 29—Senior Ball.

The Junior and Senior high school Commencement exercises have not as yet been scheduled, so it is impossible for them to be listed at this time.

### Chorus Prepares For Spring Concert

A. C. S. musicians are preparing to present a gay and spring-like concert at which the girls' chorus will sing some of its new choral arrangements which arrived just before Easter vacation.

The music consists of three numbers, entitled "A Monastery Garden," "The Bells of St. Mary" and "Intermezzo." The girls are busy working on this music in order to make the songs an effective portion of their concert to be given in the near future.

### High School Honor Rolls Announced

Honor rolls for the sixth marking period ending April 2 have been announced as follows:

**First Honors:**  
Barbara Brownell, Jean Button, Wanda Dolan, Victor Oakes.

**Second Honors:**  
Albert Fisher, Virginia Lawrence, Elaine Pope, John Potter, Veronica Ray, Jean Rogers, Paul Ryan, Doris Sick, Ruth Slocum, Wendell Vars.

### It's Papa Who Pays

The ACS Junior Prom was Friday night and Bill still hadn't asked Betty to go. How could he, when he didn't have any cash on hand? Finally Bill decided to ask his dad. It was going to be hard work to choke one dollar and ten cents out of him, but it was worth trying.

"But dad, I want to ask Betty Brown to go, and I have to have money to buy tickets. It's going to be a swell prom and Rod Tucker's orchestra is going to play. Who is Rod Tucker? Why dad! I'm ashamed of you. He's the leader of that orchestra that plays at the Wells-ville Country Club. You remember the one which everyone's crazy about."

Now, dad, how about that money? Oh, you will! Gee, thanks. Yes I'll be careful with the car. I'm willing to bet that this will be the most super-colossal prom ACS has ever seen. Boy, oh boy! Everyone will certainly have lots of fun if he goes to the prom!"

People who get tired easily seldom accomplish much work.

### CHIT-CHAT

Now that Lent is over, how about having a few Social Hours? What say, Student Council?

Have you ever tried to work the "Congo" in at a square dance? It actually works!

Now that the Junior Prom is close at hand, there is the usual hurrying to get dates, eh Oakes, Gath and Ruger?

Why was Marian S. wandering about the streets alone in the "wee" hours?

Wearing rings on necklaces is quite the thing, isn't it, Barb?

Why don't the Seniors sponsor a square dance the few weeks between the play and the ball?

The ever-popular pastime of listening to records on Sunday nights is dying away. Why, Don and Stan?

Why don't you boys of A. C. S. start a bowling team as well as the girls?

We see most of the Seniors have done very well at staying on the graduation list.

The Seniors are in hopes of having their play as good, if not better, than last year's Senior play.

Oakes spends a lot of time gazing out the window with a certain 8th grader. We didn't know you went out for that, Vic.

### How To Study

(Answer to "Tag Letter")

If you would learn to study, first develop a feeling that you want to master your studies, and that you WILL master them. Recognize the consequences—for you—of poor work and the rewards—for you—of good work. A little thought given to yourself and the things you are working for is an excellent incentive to serious study. The attitude with which you approach your studies will determine in large measure the effectiveness of your effort.

In studying, certain important rules will make the results more worthwhile. A few of these are:

1—Study in a quiet, properly heated and lighted room.

2—Arrange your chair and work to avoid fatigue.

3—Keep yourself in good physical condition, including sufficient sleep, regular exercise and recreation.

4—Study regularly at the same time of day, if possible.

5—Average a system of study and make it become a habit.

In doing a reading assignment it is often well to follow these rules:

1—Read rapidly thru your assignment, first, to get a bird's eye view of the whole. Skim thru it.

2—Read your assignment a second time more thoroughly, slowly and thoughtfully.

3—Note the important points in your reading.

4—Be certain your knowledge is clear and "thought thru."

5—Above all, don't try to compete with the radio!

### Hi Herald To Be Judged

The Andover Central School "Hi Herald," as a member of the Allegany County School Press Association, is sending a recent issue of the paper to Mr. Earl Eierney of the North Tonawanda High School to be judged and constructively criticized.

Mr. Tierney will give an unbiased opinion of the Andover student publication and of those of various schools in the county at the fourth quarterly meeting of the A.C.S.P.A. to be held at the Fillmore Central School in May.

In order to be judged, papers must be submitted to Mr. Tierney on or before April 17.

### ALLEGANY COUNTY BASEBALL SEASON FOR '42 ANNOUNCED

The Allegany County Class B baseball schedule was announced after a meeting of the county representatives last week.

The local team will open at Scio on April 28. Following is the full schedule for Sections I and II:

**Section I**  
April 23, Thursday—Alfred-Almond at Angelica; Whitesville at Canaseraga.

April 28, Tuesday—Andover at Scio.

May 1, Friday—Angelica at Andover; Alfred-Almond at Canaseraga; Scio at Whitesville.

May 7, Thursday—Andover at Canaseraga; Scio at Angelica; Alfred-Almond at Whitesville.

May 15, Friday—Alfred-Almond at Andover; Canaseraga at Scio; Angelica at Whitesville.

May 21, Thursday—Whitesville at Andover; Alfred-Almond at Scio; Canaseraga at Angelica.

**Section II**  
April 24, Friday—Friendship at Belfast; Cuba at Fillmore; Rushford at Belmont.

April 30, Thursday—Fillmore at Friendship; Rushford at Cuba; Belfast at Belmont.

May 8, Friday—Belfast at Fillmore; Cuba at Belmont; Friendship at Rushford.

May 14, Thursday—Friendship at Cuba; Rushford at Belfast; Fillmore at Belmont.

May 22, Friday—Cuba at Belfast; Belmont at Friendship; Rushford at Fillmore.

Coach Ingerson also hopes to schedule non-league games with Wellsville, Belmont, Friendship and Greenwood.

### "With Needle and Spoon"

The students of the Homemaking six class are painting tables and footstools. They are painting them different colors to go with different units. There are four colors being used, red, blue, yellow and green.

The Homemaking girls are sewing and making garments. They may remake old garments if they wish.

The seventh grade Homemakers are having a quiz program Tuesday. They have elected teams. The quiz will cover anything they have studied thruout this year. The losing team must prepare and serve a dessert to the winning team.

The eighth graders are going to have a "quiz test" similar to this one. They are going to divide themselves into three groups—cooking, sewing and home nursing groups, and will work in these groups for the remainder of this school year.

### Boom! There It Goes Again!

Bang! Bang! Boom! Just the result of another explosion by Crazy Ed Burns—you know he is Stan Ruger, Brookfield College's student chemistry genius.

Eventually, tho, you "get used to these explosions" says Marian Steadman, his landlady. "Spring fever" has hit Brookfield and things happen.

If you really want to see a man suffer, come to see poor Mr. Purcell ("Chick") Gath. The art student, Paul Ryan, mistook him for a Bolshevik, and as a result—well, anyhow "Chick" departs in great fury and withdraws his offer to

### PURPLE PANTHERS OPEN LEAGUE SEASON AT SCIO

The Andover Purple Panthers' baseball nine will journey to Scio on Tuesday, April 28, to open another baseball season. The locals were hard hit by graduation last year in losing six veterans. The only men returning from last year's club will be Ryan and Gorsuch, outfielders, and Dean at shortstop.

Shellman, the outstanding candidate, was stricken by appendicitis last week and was taken to the hospital. This will mean his loss for the entire season. However, Vars, Dolan and Dunham are all striving hard for the job. Pitching candidates are Ludden and C. Shellman.

Boys trying for infield positions are Dean, Holt, Richardson, Horan and Dunham.

Ryan, Gorsuch, Lewis and Driscoll will go after the outfield spots.

Coach Ingerson has been experimenting with fellows at different positions and it will be hard to tell the starting lineup much before the Scio game.

### PANTHERS HOLD FIRST TRACK MEETING TUESDAY

Twenty boys turned out for the first track meeting Tuesday afternoon. Eight of the 20 are last year's lettermen.

Mr. McGee reported that he has an opportunity to schedule dual meets with Canisteo, Alfred-Almond, Wellsville and Bolivar this year besides the Spring Day Meet at Wellsville May 2, and the county meet at Alfred University May 20, with the first and second place winners of this meet going to Rochester June 5 for the finals.

Among the veterans returning are Karcenas and Dolan in the 880; Gorsuch in the mile, "Chuck" Holt, Don Emery, Stan Ruger in the weight events and Bill Lehman, Vic Oakes, Jack Dean and Art Temple in the sprints. Other boys who look promising are John Richardson, Paul Dunham, Carl Wentworth, Ken Cook and Clyde Shellman.

In the meantime, Jack Dean is descended upon unexpectedly by his Aunt Maude (Jean Rogers)—just in the nick of time, however for Prof. Bean was about "to keep Jack from graduating." (Don't miss Wendell Vars as a college zoology professor). Aunt Maude saves the day—and gets her man, too, bugs and all.

And Anne Purcell (She's Jack's heart interest), aided by her chums, Jane Burdick and P. Ryan, this time posing as a doctor, finally persuades her father to donate the science building to the college, after all.

As all tales and fables go, the story ends entirely to everybody's satisfaction. But it takes an "awful" lot of tricking, embarrassing moments, explosions and deathbed scenes to do it!

### Play Cast Poses

After many minutes of fretful posing and arranging and re-arranging of positions, three pictures of the members of the cast of the soon-to-be-presented Senior play "Spring Fever" were taken last Wednesday afternoon in the women's lounge.

Vic Oakes acted as camera man and turned out some good pictures which were published in the Hornell Tribune.
