WHEN IS MOTHER'S DAY?

When we think of Mother's Day, we usually think of a warm and sunny Sunday in May on which we show our devotion to our beloved Mothers. But when we pause to think about this further we know that we are wrong to do this, for we realize that yes, every day's Mother's Day.

Each and every one of us cherishes the word "Mother." She is the one we love down deep in our hearts. She is the one with whom we would never part, with whom we would stand until death.

It is mother we turn to when trouble arises. She is the one who comforts our woes.

With Mother's Day now approaching, it is only natural that we should remember her especially on that day by giving her a gift as a token of our love for her—our best friend.

What is the most welcome gift we can give our mothers, you ask? Candy, flowers, books, stockings?—No, none of these, but something far more precious and far less expensive—Our Love!

ON BEING VALEDICTORIAN

When I received the news that I was to be Valedictorian of my graduating class I was, of course, happy; but more than that, I had a feeling of great satisfaction, for then I knew that I had made a success of my four years in high school.

I consider the ideal education one that combines the regular scholastic duties with a few extra-curricular activities, including sports, music, clubs and journalism. In high school I have tried to follow this path to the best of my ability and I think I can truthfully say that I have done it successfully. The reason I say I have done it successfully is because I have enjoyed myself very much in high school, have done well in my studies and will be very sorry to leave it this year.

My advice to underclassmen and next year's Freshmen is to follow a broad path thru high school, to enter as many activities as one's time and talents permit, to do as well as possible in one's studies, and, above all, to enjoy oneself so that one is able to truthfully say that he or she is sorry to leave.

TO LOWER CLASSMEN

As Salutatorian of my graduating class, I can only say that, to me, it is a very great honor. It has been stiff competition all the way along, for many of my classmates have four-year averages above 80 percent, which is very unusual.

Obtaining this honor hasn't been easy. I had to work four years to do so. It is worth the work in the end to know that one has done the best one is capable of doing and even when one reaches only second place in something, it still gives him satisfaction.

To lower classmen, I emit this bit of advice—Work hard for the honors of your class. If you succeed it's worth it; if you don't your efforts haven't been wasted.

But don't go to school for scholarship alone. That's only part of it. Satisfaction in school comes not only from scholarship, but also from participation in extra curricular activities, from social enjoyment and from co-operation with teachers and classmates.

Do the best you can every day and let tomorrow take care of itself.

DOUBLE IN BRASS

Cuttem, the barber, was talking of a man who had joined his shave and haircut club at so much a week. "That chap McMean has a marvelous growth—comes in twice a day for a shave and every few days for a haircut."

Cuttem went up in the air when the other informed him. "Why, there are two McMeans—Angus and Donald—and they are twins."

Ludwig Dale Speaks Science Club To In Vocational Sponsor Card Party, Take Pictures

Mr. Ludwig Dale, head of the Hornell Federal Commercial Schools gave another of his highly entertaining talks at a Junior-Senior assembly held last Friday afternoon as a fitting climax to the vocational guidance week sponsored by the student council.

Mr. Dale discussed the many and varied opportunities which are afforded young people today and made them feel very fortunate that they are not living in war-torn Europe.

After the assembly Mr. Dale addressed the Juniors and Seniors in the library and, with the help of two of his students, gave short skits on how a person should act and how he should not act while being interviewed for a position.

Annual School Exhibit May 18

Monday evening, May 18th, the annual classroom exhibit from kindergarten thru high school will be held in Andover Central School.

The exhibit will begin at 7 o'clock and will continue until 8:30, during which time there will be open house in all the classrooms. At 8:30 o'clock a program including a one-act play by members of the Sophomore class will be held in the auditorium.

An invitation is extended to all parents and townspeople to come to school this particular evening so that they may see, to some extent, what has been accomplished this year by the school students and the teachers in various grades and classes.

Vocational Bulletin Board Displayed

In connection with vocational guidance week, which was held from April 27th to May 1st, an interesting bulletin board was displayed in the school library.

The most attractive jackets of some of the books on vocational guidance were arranged in a semi-circle on the cork display board. Several books on the subjects were also placed on a table below the board.

Up-to-date pamphlets from the Marine Corps, colleges, hospitals and training schools completed the material which was conveniently on hand for all who wished to look at it.

Classes Held Outdoors

Last week several student groups including the Latin classes and several history and English classes, were observed carrying on their work on the playground behind the school. The English three class even tried its hand at writing poems with the beauty of nature close at hand as an inspiration.

Altho teachers found it fully as easy to teach outdoors as indoors, the practice has been discouraged lately because of—the cooler weather.

Sophomore Class to Hold Party

The Sophomore class, under the direction of Mr. McGee and Miss Linehan, will hold a dancing party Friday evening in the school gymnasium from 7:30 until 10 o'clock.

Music will be furnished by the records of the sound system and no admission fee will be charged. Committees which have been chosen are:

Refreshments: Virginia Lawrence, Ruth Lynch and Marian Stevens.
Preparations: Paul Dunham, Anne McDonough, Paul Kilbane.
Refreshments will be served at 9:15 o'clock.

Science Club Plans to Sponsor Card Party, Take Pictures

At last Thursday's meeting of the Science Club plans were made for the card party which is to be sponsored by the club Tuesday evening, May 19, from 8 until 11 o'clock in the cafeteria.

Arthur Temple was appointed chairman of the preparations committee and Dorothy Baker will take care of plans for refreshments.

Before adjourning, the members of the club engaged in a discussion concerning the possibility of taking pictures of the various classes and selling them to the students.

Jean Button Edits Paper

Miss Jean Button, popular Junior and an active Hi Herald member, is among the candidates for editor of the Hi Herald for the year 1942-43.

Miss Butler acted as editor of the Hi Herald this week. She was assisted by Florence Mingus, who acted as trial business manager.

Both girls have distinguished themselves as outstanding reporters for the Hi Herald.

Next week's editor will be Elaine Pope, assisted by Jean Button, as business manager.

St. Bonaventure Contest Held

Four members of the Hi Herald staff are participating in the editorial contest being held by "The St. Bonaventure," student newspaper of St. Bonaventure college.

Jean Rogers, Anna Hardy, Jean Button, and Patricia Lynch are those who have entered competition. The contest closed April 30 and results will be announced May 9.

"With Needle and Spoon"

The Homemaking Class has been practicing on sugarless recipes. They have already made sugarless cakes and cookies.

The seventh and eighth grade girls are painting puppets and bowls which they have just completed.

The other Homemaking classes are still sewing on those garments which they have not completed as yet.

Mrs. Harder Substitutes

Mrs. Sara Harder acted as substitute teacher in the foreign language department for Miss Jane Colberg last Wednesday, when Miss Colberg was ill with a cold.

She again substituted for Miss Linehan on Wednesday of this week.

"Ag." News

The Agriculture boys are going to present a big show exhibit night. They are going to exhibit two calves and some of their fine chickens and will demonstrate the welding process in the shop.

The boys and Mr. Fribolin now have a total of about 200 chickens.

Grade News

A total of \$50.40 in Defense Stamps has been collected in Miss Rectenwald's kindergarten.

CHIT-CHAT

Sorry about your operation Mary Baker. Hope you'll be back soon. After many futile attempts Pat L. and Rose Y. finally bicycled all the way to Wellsville Sunday. More fun!

Girls are not the only ones who like "out of town" dates. How about it, Jack Dean and "Jake" Shellman? Plans are getting well under way for the Junior-Senior picnic to be held in the not too far distant future.

The Seniors seem to be quibbling as to whether they will or will not have class night. Let's hope they do.

"Senior Day" isn't so far away. What great teachers some of them will make.

Victory skirts are getting to be popular among certain girls, eh? What's this we hear about Mr. McGee's condensed seven weeks' course in algebra? Let us know how it is, Jean!

It was nice the bus was so full, wasn't it, Betty? (Soft seats). Quite a time you had Saturday night, so we hear. Eh, Dorothy and Elaine?

Beautiful but dumb on certain days, aren't we, Mr. Maloy? What's this about "Starr Dust"? Tell us, Victor.

Committees Chosen For Junior-Senior Picnic

The committees for the annual Junior-Senior picnic have been chosen and are as follows:

Seniors—Marjorie Davis, Jane Burdick, Donald Emery and Paul Ryan.
Juniors—Dorothy Baker, Ruth Slocum, Arthur Temple, Miles Gorsuch.

The committees met Wednesday afternoon to discuss plans for the picnic which will be held soon.

Prom Notes

Attractively gowned girls danced with their handsomely attired escorts to the syncopated rhythm of Rod Tucker's "Country Club Band" in the beautifully transformed ACS gymnasium at the Junior Prom Friday evening.

The pastel and vivid hues of the girls' evening gowns blended perfectly with the brilliant crepe paper decorations.

Included among those dancing under "the rainbow" were Miss Elaine Pope, a lovely vision in printed taffeta; Miss Norma Crowner in blue taffet with net skirt; Miss Marilyn Hardy, charming in blue printed swiss; Miss Barbara Brownell wearing a soft rose taffet with velvet trim; Miss Ruth Slocum in a deep pink taffeta dress, fashioned with a full skirt; and Miss Florence Mingus in becoming blue marquisette with maroon edging.

Miss Anne Daly, one of the Junior class advisers was seen in a stunning gown of blue lace and pink marquisette. Miss Pauline Anderson's formal, with its blue linen bodice and white pique skirt was also most becoming.

THE ANSWERS

- 1—Dec. 7, 1941, date of Japanese attack upon Pearl Harbor.
- 2—Tokyo, population 7,094,600.
- 3—Estimate: 5 battleships, 12 cruisers, 50 destroyers and 50 submarines.
- 4—"Horse opera" refers to Western movies; "soap opera" to radio serials.
- 5—Our largest carry about 80 planes.
- 6—Yes; all commissioned ranks are formally recognized in the Army—Naval officers, below the rank of commander, are addressed as "Mister."
- 7—Two, Generals Marshall and MacArthur.
- 8—Milk; there are 3,000,000 dairy farmers.
- 9—Board of Economic Warfare, Office of Facts and Figures, War Production Board.
- 10—Location of Ford's \$80,000,000 bomber plant.

TRACK TEAM MAKES STRONG SHOWING AT WELLSVILLE

The track men of Andover Central School held a far larger team of Wellsville to 53-46 victory in the local's opening meet.

Andover gained six first places, five seconds and four thirds in this close contest.

Vic Oakes took the 440 to gain the first event for the locals. Other first places were made by "Slip" Karcanes, half mile; "Jim" Witter, mile; "Stan" Ruger, discus, and "Bill" Lehman in the javelin.

"Whitey" Gorsuch tied with two Wellsville men clearing the high jump bar at 5 ft. 4 in.

The summary:
100—Rigas, W; Dean, A; Huseby, W. Time: 11.2.
220—Robbins, W; Vars, A; Lehman, A. Time: 23.3-5.

440—Oakes, A; Weinhonig, W; Mallory, W. Time: 59.
880—Karcanes, A; Johnson, W; Walsh, W. Time: 2:18.

1 Mile—Witter, A; Beckwith, W; Yearke, W. Time: 5:52.
Broad Jump—Petra, W; Dean, A; Lehman, A. Length: 17' 8".
High Jump—Gorsuch, A; Schulthesis, W; Graves, W; (tie). Height: 5' 4".

Pole Vault—Dean, A; Drake, W; Moynihan, W; Umiker, W; (tie). Height: 8' 6".
Discus—Ruger, A; Lafferty, W; Tucker, W. Throw: 100' 10".
Shot—Cretokos, W; Holt, A; Kline, W. Throw: 41' 2".
Javelin—Lehman, A; Lafferty, W; Holt, A. Throw: 141' 6".

There are many country newspaper editors who would enjoy a 40-hour week.

PURPLE PANTHERS GO TO CANASERAGA TONIGHT (THURS.)

The Purple Panthers will journey to Canaseraga tonight (Thursday) hoping to gain their second baseball victory in league play.

Their second game was supposed to have been played last Friday but it was postponed because of rain.

So far this season Canaseraga has gained two victories out of as many starts, beating both Whitesville and Alfred-Almond. The locals are looking for tough opposition from this team.

"Jake" Shellman will probably get the starting call to pitch from Coach Ingerson. The rest of the team will probably be the same as the one that opened at Scio.

Nothing Gained
Math Teacher: "Now we find that X is equal to Zero."
Student: "Gee! All that work for nothing."

You Must Have Vitamins A and D

You must have Vitamin A as an aid in protection against infections which are more likely to occur in the nose, throat, eyes, ears and sinuses, when there is a deficiency of this vitamin.

You need Vitamin D to help the body make proper use of the calcium and phosphorus in your diet.

If you are not getting enough of these two important vitamins, take a ONE-A-DAY brand Vitamin A and D Tablet every day and insure your normal requirements.

YOUR CAR

How to Get the MOST out of It

STOPPING IS AN ART TOO
Proper use of your car brakes can add many miles to your tires and brake drums. Here are some stopping hints to remember:

Avoid sudden stops. Collect your "bonus" on the gas you used in starting; don't burn that extra momentum up on the brake drums and tires. Learn to anticipate your stops.

Keep your foot off the clutch pedal until you're ready to use it. "Riding" the clutch pedal when the car is moving, or "slipping" it to hold position on a hill, causes rapid wear of the clutch lining.

Avoid continuous heavy pressure on the brake pedal. Hot brakes wear rapidly. On long hills shift to second gear.

Let your motor help stop your car for you. Don't disengage the clutch as soon as you begin braking for a stop. Wait until the car decelerates to 15, or even 10, miles an hour.

Don't scrape the curb when stopping. The weight of the car rests on those tires' side walls and they must not be weakened.

In real hot weather or after driving in mountainous country let the motor idle a few minutes before turning off the ignition.

Note: This is the fourth in a series of articles based on the book, *Automobile User's Guide*, published by the Customer Research staff of General Motors. Next article: *Stretching Your Tire Mileage*.
