Boy Scout News

The Boy Scouts went hiking Wednesday afternoon. They started from school at 4:30 o'clock. After arriving at their destination, they enjoyed light refreshments.

The Boy Scouts will march in the annual Memorial Day parade May 30th. CMH

"Happenings at Houghton"

Altho the chorus found the bus quite spacious while riding to the festival, the band filled it to capacity, what with stands and instruments.

Who finally won the card game, boys?

Those card tricks were pretty good, Art, even if you did slip up now and then.

If Miss Hanneman is heard hisping now and then, it will only mean that she's been relating her famous story of "circles and spirals."

When Marilyn finished her technique at hair-doing, Ann's transformation was surprising. You should fix your hair like that again, Ann.

Could anyone forget what "Pop" Holt's favorite song is after that trip? Something about Texas, we think.

Stan and Dick seemed to enjoy "swinging out" on their instruments coming home, but the fact that feel-

ings were mutual among others is dubious. Miss Hanneman must have cast a spell on her one-and-only baton Friday, as it wasn't broken. AH

HOW, WHAT AND WHY?

Cleaning Paint Brush

T. S. wants to know how to remove fresh paint from paint brushes. C. W. Mulligan of the agricultural engineering department replies: "Wash the brushes in kerosene, mineral spirits, turpentine, gasoline or other solvents; then wash them with warm water and soap, and rinse them thoroly in clean water.

"To keep the bristles straight, wrap them in paper, tie a cord around it, and hang the brush up by its handle.

"Another recommended method for cleaning fresh paint from the brushes is as follows: Rinse it with turpentine or other paint solvent, squeeze it out, soak it in gasoline, squeeze it out, soak it in fresh gasoline, squeeze it out, wash it with strong soap or salt soda, squeeze it out, rinse it in soft water, and dry the brush."

Termite Injury

E. J. F. writes: "Please send me information on how to destroy termites. They are around the casing of a door and of a floor opening. They have also eaten a few holes in a hardwood floor."

Prof. R. W. Leiby, extension entomologist, answers: "Termites that are found in New York State require moisture to survive. If the source of moisture is removed, they die. Often, in feeding in timbers, they build clay tubes or passageways from the timbers to a nest in the soil, for moisture.

"Once located, the job is to des-
