

HOW, WHAT AND WHY?

Special to the Andover News

The Andover News has arranged with the Office of Information of the New York State Colleges of Agriculture and Home Economics to answer questions about problems of farm and home. If you enclose a self-addressed, stamped envelope and mention the name of this paper you will receive a direct reply to your query from the colleges. Do not ask more than one question in one letter or on one postcard. Ask as many questions as you like, but make each one a separate communication.

Persian and Paisley Shawls

Mrs. C. H. V. asks: "Can you give me any information on Persian or Paisley shawls?"

Prof. C. B. Robinson of the Col-

lege of Home Economics replies: "Persian, Egyptian and Turkish hand-woven shawls were made in the countries of the same names, while the Cashmere or Kashmir shawl was woven in India. These shawls were imported into Europe about 1798, were very popular in France in 1820, and had almost passed out of fashion by 1870.

"Paisley shawls were made in Paisley, Scotland, and were woven on a power loom. In 1850 both Paisley and Cashmere shawls were the vogue. By 1870 the demand for shawls began to wane.

"The Cashmere, Persian, Egyptian and Turkish shawls are very old and very rare. The Paisley shawls are not nearly so old and are fairly abundant. Some are fine and very beautiful in color while others are coarse or are printed.

"There seems to be little written on these shawls. However, a list of books and magazines which contain articles about them has been sent to you."

Woodchuck and Rabbit Control

J. D. G. writes: "Will you send me suggestions on ridding a farm area of woodchucks and rabbits. The Victory Gardens in this area are being destroyed by these pests." The answer: The College of Agriculture has sent you bulletin E-338 on "Rabbit Control" and other information on woodchucks and their habits."

Unfortunate Delay

Nice Old Lady: "Why are you in prison, my good man?" Skungullion: "For driving a car too slow." Nice Old Lady: "You mean too fast." Skungullion: "Naw, too slow—The owner caught up with me." Read the advertisements.

- 8—A surplus of left in the national taxes, savings and available consumer's vices.
- 9—A Russian no.
- 10—Tank superiorly, superior artillery.

The boys at camp and the boys at the front want to know that we're behind them in every way. They KNOW that moral support is NOTHING without the financial aid that goes with it... the aid that brings them their food and uniforms, bombs, planes, ships, and the thousands of other items that have to be PAID for. The money for this war equipment must come from YOU... from the money YOU invest in War Stamps and Bonds. . . Remember, you are not giving anything. Your money, plus interest, will be returned. It's your DUTY on American Heroes Day, to buy all the War Bonds you can afford. Then reconsider—AND BUY SOME MORE!
