parents, Mr. and Mrs. Guy Donaldson and family one day last week.

Mr. and Mrs. Adelbert Gayhart and family of Lever Hill were calling on Mr. and Mrs. Dan Mullen and family Sunday evening.

HOW, WHAT AND WHY?

Special to the Andover News

The Andover News has arranged with the Office of Information of the New York State Colleges of Agriculture and Home Economics to answer questions about problems of farm and home. If you enclose a self-addressed, stamped envelope and mention the name of this paper you will receive a direct reply to your query from the colleges. Do not ask more than one question in one letter or on one postcard. Ask as many questions as you like, but make each one a separate communication.

English Sparrow Control
Miss D. L. W. writes: "Will you send me suggestions on ridding a fruit and grain area of English sparrows?"

Prof. A. A. Allen of the Ornithology department replies: "The U. S. Department of Agriculture has a leaflet No. 61L, entitled 'English Sparrow Control.' You can get one from the Superintendent of Documents, Government Printing Office, Washington, D. C., for ten cents."

Weed and Brush Eradication
M. E. K. asks: "Is there a chemical preparation which may be used to kill weeds and brush along farm fences?"

Prof. W. C. Muenscher of the College of Agriculture answers: "Two chemicals can be used to kill weeds and brush. One is sodium chlorate, applied as a spray directly to the plants; the other is ammonium sulfamate which may also be sprayed or sprinkled on the vegetation.

"At the present time sodium chlorate is difficult to obtain since most of it is being used in the manufacture of munitions. Ammonium sulfamate is available but it is expensive for small areas.

"We have sent you a bulletin on the use of sodium chlorate and a mimeographed leaflet on the use of ammonium sulfamate."

Replanting Tulip Bulbs
Mrs. J. A. asks: "When should tulip bulbs, which were removed from the ground after blooming, be replanted?"

Prof. R. C. Allen replies: "The tulip bulbs should be replanted as soon as convenient after the first of October and before the first of November."

THE ANSWERS

1. According to British usage, the Balkans are the Near East; the Middle East vaguely applies to southwest Asia, plus Egypt.
2. Axis forces, under Gen. Rommel, against the British.
3. Leon Henderson.
4. Kiska and Attu, in the Aleutians.
5. Nearly 43, 000,000.
6. About 2,000,000.
7. The Amazon.
8. Small wooden ships in service along the coast.
9. Forty seconds.
10. En route to Wake they crossed the International date line, going west, thus losing a day. This made it Saturday. They attacked the next morning, Sunday in Wake, but on the way home they crossed the line, going east and gained a day, arriving at their bases Saturday.
