NEW! "BACTERIOSTATIC"

FEMININE HYGIENE

now finding great favor among women...

Many doctors recommend regular use of *douches* as a precautionary measure for women who want to be clean, dainty—for women troubled by offending odor or discharge.

Some products may be harmful to delicate tissues. But not Lydia E. Pinkham's Sanative Wash! Pinkham's Sanative Wash is gaining great favor among women because it's NOT a harmful germicide. Instead — it's a mighty effective "bacteriostatic" (the *modern* trend). It not only discourages bacterial growth and infection but thoroughly cleanses and deodorizes. Very soothing — relieves minor irritations and discharge and has a *tonic* effect on delicate membranes. Inexpensive! Get your bottle of Lydia Pinkham's Sanative Wash *today*. All druggists.

Acid Indigestion

What many Doctors do for it

When excess stomach acid causes gas, sour stomach or heartburn, doctors prescribe the fastest-acting medicines known for symptomatic relief—medicines like those in Bell-ans Tablets. Try Bell-ans yourself, at first sign of distress. They neutralize acid, relieve gas, and bring comfort very quickly—yet are not a laxative! Only 25c, at drug stores. If your very first trial doesn't prove Bell-ans better, return bottle to us and get double your money back.

LITTLE BITS OF HUMOR

Before and After

Mr. Pester — "Cleaning house just because a few women are going to drop in this afternoon? You never make such elaborate preparations when I entertain my friends."

His wife — "No, but I clean up five times as much after they leave."

Kept Him Guessing

Robbins — "My wife doesn't understand me."

Wilkins — "I wish I could say the same. My wife understands me so well I don't dare tell her anything except the truth."

Quite So

H. L. R writes: "Women these days eat so little in order to keep fashionably thin they might be spoken of as members of the feminine sex."

She — "Marry you? Are you a football player?"

He — "You bet, I'm a substitute."

She — "Well, I accept no substitutes."

Education

Mr. Newrich had been asked to distribute prizes at the local school. During his speech he dwelt on the benefits of education.

What a wonderful thing is education!" he said. "Now take arithmetic. If we are educated we know that twice two's make four, that four fours make sixteen, that nine nines make — and then there's history.

Help!

A merry-maker dashed into the police station. Perspiration poured from his forehead.

"Help!" he yelled at the top of his voice.

A startled desk sergeant looked down at him.

"What happened, man?" he asked quickly.

"A stick-up!" shouted the reveller. "There's a robbery being committed!"

The sergeant leaped from his chair.

"Where?" he demanded.

The other shook his head.

"How should I know?" he murmured. "But according to statistics, there's robbery being committed every two minutes in this country!"
