Instructions For Mailing Overseas Christmas Packages

The Post Office Department, in co-operation with the War and Navy Departments, has announced the following regulations for the mailing of Christmas packages to members of the armed forces serving outside the Continental United States and Alaska.

Time of Mailing — Christmas parcels and Christmas cards should be mailed during the period beginning October 1 and ending November 1, 1942, the earlier the better. Patrons should be encouraged to endorse each gift parcel "Christmas Parcel." Special effort will be made to effect delivery of all Christmas parcels mailed during that period in time for Christmas.

Size and Weight — In view of the urgent need for shipping space to transport materials directly essential to the war effort, Christmas parcels should not exceed the present limits of 11 pounds in weight or 18 inches in length or 42 inches length and girth combined. Nevertheless the public is urged by the War and Navy Departments to co-operate by voluntarily restricting the size of Christmas parcels to that of an ordinary shoe box, and the weight to six pounds. These departments have pointed out also that members of the armed forces are amply provided with food and clothing and the public is urged not to include such matter in gift parcels. Not more than one Christmas parcel or package shall be accepted for mailing in one week when sent by or on behalf of the same person or concern to or for the same address.

Preparation — Owing to the great distance this mail must be transported and the handling it must undergo, it is absolutely necessary that all articles be packed in substantial boxes or containers and be covered with wrappers of sufficient strength to withstand the weight of other sacks of mail, which in long transit may be piled thereon. Furthermore as each parcel is subject to censorship, delay may be minimized by securing the covering of the parcel so as to permit ready inspection of the contents.

Prohibited Articles — Intoxicants, inflammable materials (including matches of all kinds and lighter fluids) and poisons, or compositions which may kill or injure another or damage the mails and perishable matter are unmailable.

Money Gifts — Money gifts should be sent by postal money order. Cash remittances are prohibited entry in many countries and if received they could not be used.

Watch Your Meat Supply

Reports to the effect that thieves are again working thru this area are prevalent this fall. Several depredations have been made in poultry flocks, young stock and pigs. The latest is the stealing of two litters of pigs, 17 in all, from the farm of Irving Welch of Crosby Creek.

With the scarcity of meats this fall, extra precautions will be necessary to protect your property against this lawlessness.

Notice

A special meeting of the Andover Firemen's Auxiliary will be held Monday, Sept. 21st at 7:30 p. m. Hazel Callaghan, president.

DUCKOLOGY
NEARLY ALL BIRDS MOULT FLIGHT FEATHERS IN PAIRS—SO THAT THEY CAN ALWAYS FLY. BUT DUCKS DROP THEIR FLIGHT FEATHERS ALL AT ONCE IN THE SUMMER. THUS FOR SEVERAL WEEKS THEY CAN'T FLY. NATURE THEN HELPS THE MORE BRIGHTLY COLORED MALES HELP THEMSELVES BY PROVIDING A DRAB "ECLIPSE" PLUMAGE DURING THE FLIGHTLESS PERIOD. BY NOW MOST DUCKS ARE FLYING AGAIN WITH NEW FEATHERS.

Thanks to sportsmen's license dollars and wise conservation, wild duck populations are increasing.
