### No Classifications In Co. Basketball This Winter

Leagues to be Made up of Nearby Schools to Save Transportation. Sectional Tournaments Eliminated.

At the annual meeting of the Allegany County Athletic Association held in Belmont Thursday evening, October 1, it was voted to eliminate all "A," "B" and "C" classifications of size of schools and establish basketball leagues this winter on a purely geographic basis, thereby eliminating considerable transportation mileage.

A committee was appointed to study the situation and recommend school groupings at the next meeting of the association. Andover will probably be linked with Alfred-Almond, Whitesville, Wellsville, Scio Allentown and possibly Bolivar and Richburg.

The sectional tournaments at Alfred and at Rochester were eliminated because of transportation difficulties, but there probably will be a county play-off between sections.

It is believed that the use of school owned buses will be permitted by the State War Council, if number and length of trips can be reduced to a minimum.

### Do Unto Others

Posters are a very important part of the annual student council campaign. Much time and work is expended and in the construction of these bits of art. The students should be good enough sports to leave these posters where they are placed. Many complaints have been received that people from the different parties have torn down one another's posters. No one seems to know who does this, but the posters certainly don't detach themselves from their various places of repose.

Let's be good enough sports to leave posters where they belong.

### I'm Happy Again!

I was happy as I jumped out of the bus. The bus and its load of ACS students always made me either very, very happy or very angry. This morning I was happy. I skipped up the stairs, only to be met by the editor of the Hi Herald staff with a fendish glint in her eye. It settled upon me—for she asked me to write a poem for publication this week. Well apparently she didn't understand that poetry was "no go" with me.

So, after telling her that I despised trying to write poems, she said "O. K." How about a story or an essay?

I was overcome. My happiness had disappeared and was I feeling blue? I dragged into study hall and slumped down into my chair. She had said an essay. What would I write about? Why, everybody was talking, but what about. Well, I was missing something.

So I trotted over to the other end of the library and planted myself among a group of ambitious Co-operatives. They said, "are you a Co-operative," and I answered "Why, most certainly." So I joined in to make plans for the campaigning. I was once more happy. How could I help it? I was a jolly hard-working Co-operative and I was writing a story for the Hi Herald telling everyone to vote for the Co-operative candidates, Art Temple, Elaine Pope and Marilyn Hardy.

Obstinate  
"Want any help, chum?" shouted a passerby to a driver who was trying to get a pair of mules thru a gate.

"No, I guess not," was the sad reply. "But I'd like to know how Noah got two of these blinkin' blighters into the Ark."

When you can't sleep well at night, examine your conscience and your stomach.

### We All Had Fun During Vacation

Ruth Hardy and "Diz" Dunham rode horses and then tried to pick up potatoes. They succeeded! Virginia Loring took up nursing during the week. Her mom was the patient. Poor her.

Two girls had a wonderful time at the skating rink Saturday night. Elaine didn't stay for the "Moonlight extra" but Marilyn did and she came back to school with an "inner glow."

Mary Baker worked at O'Laughlin's. We notice the embalming room and apparatus didn't get her down.

"Chuck" Holt and Claude Shellman drove Mr. Kent's truck instead of picking up his potatoes. Is there any truck left, boys?

The Wellsville school must be interesting. Pat Temple visited there one afternoon and attended one of their pep meetings. The meeting lasted about one half hour with only four cheers. The rest of the time was taken up making speeches, so you can't say anything about A. H. S.

We thought people were supposed to be rationed on gas and tires! George was seen driving his father's car around quite a lot.

"Dot" Baker rode to Wellsville on her bicycle with Elaine and the girls really had knees that "jingle, jangle, jingled" when they finally reached home.

Ruth Lynch decided that her bedroom needed painting so, with the help of Doris Sick, she went to work, and did a good (?) job.

Canisteo had a visitor for the whole week! "B'arg" Childs reported "having a wonderful time."

The majority of the students picked up potatoes and made use of the vacation. Some of the pickers were Marion Stevens, Doris Mead, "Bebe" Dean, Jim Holt, Jim Driscoll, "Naz" Dolan and Miles Gorsuch.

Elaine and Art had fun skating at Funcrest, in spite of the fall while waltzing.

### What Did the Faculty Do?

While the students of ACS were picking up potatoes the faculty was also busy during the vacation.

Miss Baker stayed home.

Miss Hanneman went to Buffalo.

Miss Anderson did a little bit of everything.

Miss Colberg picked grapes and attended a play.

Miss Jaekle spent part of the vacation here and part of it in Silver Creek.

Miss Mahl worked.

Mrs. McKibben went to Richmond, Va., to see Mr. McKibben.

Mr. Maloy doctored a cold.

Miss Heizenmann was relaxed.

Mrs. Schwarzenbach spent her vacation in Rochester and Dansville.

Miss Jordan went to Friendship and worked.

Miss Reutenwald went to her home in Hornell.

Mr. Ingerson went to his home in Chautauqua and was in Buffalo for a day.

Miss Snyder worked.

Miss Striker went to her home in Buffalo.

Miss Clark had the grippe for three days, loafed and entertained Miss Snyder.

Miss Elliott went to her home in Brockport.

Mr. Bretsch spent the week-end at Elmira Heights one day in Buffalo and stayed home the rest of the vacation.

Mrs. Greene stayed at home.

Miss Gottlieb spent her vacation at home and with her brother, who

### Seniors to Sponsor Dance October 31

A Halloween dance, at which there will be both round and square dancing, will be sponsored by the senior class in the A. C. S. gymnasium, Saturday evening, October 31.

Appropriate refreshments, in keeping with the time of year, will be served in the school cafeteria by various members of the class.

This dance is the first activity undertaken by this year's seniors and all profits will go toward the purchase of class rings. The public is cordially invited to attend this school function. The price of admission has been set at thirty-five cents per person, excluding refreshments.

### What Would Happen If —

Betty Jean Rice stopped making eyes at the girls?

Don Baker and Jimmy Backus ceased to talk in study hall?

The Freshmen stopped throwing things?

Vivian Shellman made use of her study periods?

The janitors read the notes found in the waste paper basket?

Pat Slocum didn't chew gum?

"Barb" and "May" stopped quarreling?

The library shade, when pulled down, stayed down?

Marion Stevens lost her voice?

Ann McNulty stopped humming in study halls?

"Barb" Childs cut her finger nails?

"Bebe" Dean stopped tickling people in the hall?

The teachers stopped giving home work?

The janitor didn't keep the school clean?

"May" Dolan came to classes with a pencil?

The faculty didn't come to school?

A. C. S. had a swing band?

# DON'T BE FOOLED BY A FULL JUNK YARD!

Don't listen to people who say—"They can't need scrap very badly. Look at that junk yard, or the auto graveyards—they've got plenty of scrap. And remember the last time we had a drive the stuff sat around for weeks." Tell such people these true facts . . .

Of course the junk yards are full. They are "factories" that turn out finished scrap—sorted, broken up, and bundled . . . ready for the mills of America. The scrap has to go through these yards, and it keeps going through fast!

The auto graveyards too, are busy. They specialize in used car parts, but produce plenty of scrap—as well. In June alone, these yards moved 450,000 tons—for they are required to junk within 60 days as many cars as they buy.

As for Salvage Depots—communities all over the country are staging

drives. All this scrap can't be taken away at once. The junkies can't handle it and the mills can't store it. But every pound is needed and will be used. We've got to pile it up ready for instant use at any time.

The day when all junk yards are empty, when the auto graveyards are cleaned out, when all the local scrap

stockpiles are gone—that is the day to dread. It is a day to avoid at all costs.

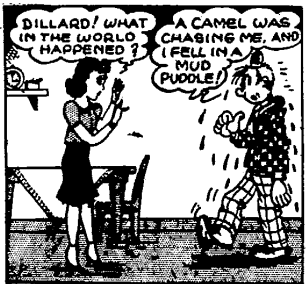

So remember—steel is needed to fight the war, and millions of lives depend on it. This steel is made of 50% scrap—and the mills have not enough scrap to last even 30 days longer. Don't fail to do your part in this emergency.
