Boy Scout Week, Feb. 8-14

WE RARELY PRIZE such things as schools, library books, running water and electricity. They are part of our daily lives, and we accept them automatically, as we do fresh air and sunshine. But when the anniversary of their invention or dedication comes around, we wonder who could do without

This is Boy Scout Week, the 34th anniversary of the Boy Scouts of America. It makes us realize that Scouting too is one of those good things we sometimes take for granted. Yet, thru two World Wars and a world-wide depression, this organization has never once relaxed its efforts. It has helped make millions of boys into better, happier Americans. You can't be a boy in an Axis country, or one dominated by the Axis, and have the right to be a Scout, but many former Scouts in United Nations fighting forces are now defending their country on the battlefield.
