Scouts to Collect Tin Cans This Saturday

The Andover Boy Scouts have

arranged with the Hornell Waste

Material Company to collect the tin cans in the village of Andover this Saturday morning, Apr. 1, and they request all citizens who have tin cans to dispose of to have them in a cardboard box or a bag in a place where they can be easily picked up by the ends removed and the tin cans crushed flat, since otherwise they would take up too much space and could not be shipped to the iplant where they would be detinned, and we all realize that tin is one of the materials which is greatly needed by the Armed Forces, and their only source of supply is the tin which was on hand at the time of Pearl Harbor, plus what can be obtained thru the detinning of the tin cans.
