A B-25 was taking off somewhere in North Africa. It crashed and burst into flames. Private Eugene A. Ganter rushed forward with three other soldiers to aid the crew. The heat was overwhelming but Ganter and his companions, drenched from the hoses of rescue apparatus, rescued three crew members from the blazing ship. Then Ganter returned to remove loaded 50 caliber machine guns. He won the Soldier's Medal. Such are the men your War Bonds fight beside.
