## Purchases Badly Lagging

House to House Canvass Planned for Andover and Vicinity by Local Bond Committee.

War Bond purchases in the Fifth War Loan Drive are lagging \* | badly in Andover, with only \$33,-1 000 sold on a quota of \$55,000. In view of the short time left 'and the large amount to be sold, meeting last night decided to or-Andover village and township in an effort to put And-'lover "over the top" in this quota. Our young men are giving their all in this emergency and we are asked only to loan our money for which we will be paid interest. '|Add that up and find a balance lif you can. Americans all over the country should be asking for War Bonds instead of being askled to purchase them, from both the standpoint of support to the

boys on the front and from the investment angle. So, when you are visited in the near future by Workers from the local Bond Sales Committee, receive them with a smile and be prepared to purchase all the Bonds you possibly can.--Dig down in that old sock, brother, even if you have to turn it inside out. You couldn't put that money to better use. Our boys equipment to carry on this war successfully and it's your bond
