Resolne

WE invite you to open a bank account, and urge those who have one to improve it.

Resolve to do this:

To resolve is to make up the mind to a course of conduct or action.

Too many people wait until the beginning of each New Year to make resolutions.

Those who wait for that time to turn over a new leaf seldom come through with their program of reform.

The time to make and keep resolutions is the present time.

Resolutions should be respected and not made merely to be broken.

* No Changes In Opening Date of Andover Central

'Any Change In Present Opening Date Will Be Announced Over WGR.

Up to the time of going to press, no changes have been made in the plans for opening school on October 2, except that high school pupils will report for registration and schedule planning Friday morning, September 29, at 9 o'clock. Buses will run regular routes that morning and will return at noon. Grade pupils will not report until Monday, Octo-

With the reopening of the Hornell schools next Monday, there is a possibility that some of the Allegany county schools will be given the go-ahead signal by the local boards of health to open next week also. In case such action is taken, announcement will be made over radio station WGR. Buffalo, Saturday, Sunday an Monday mornings between 7:30 and 8:00 a. m.

Numerous questions have been 'asked concerning "time off" for potato picking. Many farmers lare cooperating by starting their potato harvest earlier to avail themselves of pupils help before school opens. If school does not open next week, all pupils are urged to get a job picking potatoes that week. If school should open, it will probably be on a half day basis, so that the afternoons can be utilized for working in the
