WE invite you to open a bank account, and urge those who have one to improve it.

Resolve to do this:

To resolve is to make up the mind to a course of conduct or action.

Too many people wait until the beginning of each New Year to make resolutions.

Those who wait for that time to turn over a new leaf seldom come through with their program of reform.

The time to make and keep resolutions is the present time.

Resolutions should be respected and not made merely to be broken.

* Andover Sewage Project Given State Approval

The Andover Village board received this week official notice of the approval by the State of a \$200,000 post-war sewage project for the village of Andover.

This is a much needed improvement in Andover and we certainly hope that its realization will be possible in the near future. Some months ago the village board submitted to the State

Post-war Planning Board a sketchy engineer's estimate for the project, from which until this week they had heard nothing ex-'|cept that it had been listed for

Under the state set-up the village now has 90 days in which to submit an engineer's plan and estimate for the project.

The realization of this project now of course rests on what financial arrangements the state and federal agencies make regarding grants for post-war projects of this nature.

Other projects approved recentinclude sewers and sewage plants at Binghamton, \$2,485,-815.89; Owego, \$400,000; Montgomery, \$230,000; Montour Falls \$225,000, and Lewiston \$175,000.

Yonkers, repaving of six streets \$854,000; Schuyler County, replacement of nine bridges \$205,took 000.00; Niagara Falls, Water Buplace at the home of Mr. and reau Building, \$200,000; Steuben Mrs. Chas.
