The Water Cure

Brown—"I'm sorry to see you so ill, John. Have you seen the doctor?"

John—"Yes. I'm having three baths a day."

Brown—"What ever for?"

John—"Don't know; doctor's orders. He gave me some medicine, and told me to follow the directions on the bottle, which read, 'One tablespoonful to be taken three times a day in water.' "

Teacher's Duties Outlined

A teacher had written to a boy's mother suggesting a more liberal use of soap and water. The next day she received the following by way of a reply:

"My son ain't no rose. Don't smell him—learn him!"

[illegible] Fire Prevention [illegible] Being Offered

[illegible] and girls of Allegany [illegible] are again offered an opportunity to participate in a county-wide fire prevention project.

Under the plan, each member is required to inspect at least one set of buildings, list the hazards found and remove at least five hazards. Club members also are asked to complete a set of True-False questions based on a [illegible] [illegible] the Farm [illegible]," published by the National Board of Fire Underwriters.

Besides performing a patriotic service and reducing the fire hazards in their own homes, club members have an opportunity to take advantage of liberal awards offered by the Allegany County Farmers Cooperative Fire Insurance Company as follows:

1—Any club with at least 60 per cent acceptable participation and at least eight contestants will receive a $10 prize. There are 35 organized clubs—figure this out. Here is a chance to make $350 for our clubs. There will be a special prize for clubs with 100 per cent participation.

2—Any individual who is not a member of any club will receive a $1 prize provided a complete satisfactory report is made according to the rules.

3—First, second and third place county winners will receive $5, $3 and $2 prizes respectively, based on the number of inspections made and number of hazards removed.

4—If a State winner is selected from Allegany county, expenses will be paid to attend the [illegible] meeting of the fire insurance companies.

Teacher: "Jimmy, if you had 42 cents and you lent your sister 30 cents and your brother ten cents, how many cents would you have?"

Jimmy: "If I done that I wouldn't have any sense!"

She: "Sakes alive, I don't believe no woman could ever be that fat."

He: "What y' readin' now?"

She: "Why, this paper tells about an English woman who lost two thousand pounds."
