Yes, the Seventh War Loan is on right now!

There are new planes to be built ... new tanks . . . new ships. All to bring the war to an earlier close.

Our fighting men will do their job. But we must do ours!

And right now, the most important job we have is to meet our personal quotas in the Seventh War Loan drive!

Those quotas are big. Uncle Sam needs \$7,000,000,000 from individuals. For this loan is really 2 in 1—there had been 2 drives in 1944, by this time. So now—we've got to do a two-loan job in one.

But Americans have never failed to meet a War Bond quota yet-and we won't fàil now! So find out what your quota is-and meet it!
