### Ag. News

Mr. Bronson informed us that Monday, Sept. 24th, the boys went on a field trip to the County Forest. They saw trees set out and were shown a demonstration on how to prune trees and thin forests.

Today the boys visited Kent and saw the men dig and store potatoes. Mr. Kent showed the boys how to select potatoes to be used in shows.,

potatoes are only harvested more schooling plans for the don't want any person in town his moving to Andover he lived ing and Lyndon Goodridge are

An automobilist, in touring thru the country, saw, walking ahead of him, a man followed by a deg. As the machine drew near them the dog started suddenly to cross the road and was killed. The motorist stopped his machine and approached the man. "I'm very sorry, sir, that this has happened," he said. "Will five dol-

lars fix it?" "Oh, yes," said the man.

Pocketing the money as the car disappeared in the distance he looked down at the dog.

"Wonder whose dog it was," he said.

Let's make certain for you
