There have been many questions about the re-Yes, it was too bad as the game strictions on gas heating. Here are the ones asked a

What use of gas do the restrictions cover?

The restrictions prohibit the use of gas for new of space heating, whether it be in places formerly heat. water where they are, not for ed by other fuels, or for additional gas-fired equip-MUSIC ENDORSED BY D. A. R. their amusement alone but everyment in places already heated partly by gas.

Do the restrictions in any way effect the use of the Daughters of the American has been asking to devote a laws of this state. These water Revolution," said Mrs. Julius Y. meeting to the Advancement of fowl are migrating, (to you, Wil-

Do the restrictions prohibit the installation of new services for gas use!

No, but space heating is not allowed with gas march of a great nation endur- of one of Washington's news- of their rifles or any other weap- supplied through these new services during the pering all suffering and overcoming papers has been of great value on. They had better see Friend iod covered by the restriction order.

> How long will these restrictions exist? Don't plan on any change before May 1, 1948.

Do the restrictions prevent me from replacing present gas heating equipment with new gas

No, provided no additional space is heated by

I heat my home entirely by small gas stoves. and phonograph recordings, she atory lecture has been written, to certain parties that we know May I replace these with a central unit such as a floor

> Yes, such a replacement may be made within the the terms of the restrictions, provided no additional space is heated by the new unit.

If I move from my present residence to another one, may I use my own gas-fired heating equipment. in the new place?

If it has been heated with gas by the previous resident, this is permissible.

Do these restrictions apply throughout the territory supplied by Empire Gas & Fuel Co., Ltd.?

Yes, they apply to our entire territory. Similar restrictions apply to practically all areas served by natural gas in New York State.

Are there any exceptions provided for in the

Yes. If you believe that you are entitled to an Each Time a Cow Freshens exception under the terms of the order, you should make application at the nearest office of the gas com-

> What about violations of this restrictive order? Jnder the terms of the restrictive order, where violations occur, the Company must discontinue all worked like magic Cow gas service until any equipment installed in violation of the order has been disconnected. Only then can the normal allowable gas service be restored.

> > Why are these restrictions necessary now?

New heating customers require new supplies of gas to take care of their use, and these new supplies of gas cannot be made available to us until additionpipe line facilities are built from the vast natural containing irradiated landin and other highly gas reserves of the southwest part of the country to effective ingredients. It gives powerful 3-way the Appalachian region. There seems to be little Use it on your valuable first calf heifers. Farm. hope of having these facilities completed sooner ers re-order and say: "Udderole is the best I than the spring of next year, 1948. When these facilities are operating, we shall welcome new heating customers to our lines once more. feel you can afford to part with it—return until time, the restrictions are necessary to protect ? weed portion to Dawnwood Ferme, America, N.Y., and receive not \$1.00, but \$2.00—double Safeguard service to our present customers.
