## THIS NEWSPAPER To Publish Pictures of LOCAL CHILDREN.

Pictures of the children of this community are to be published in this newspaper as a special tribute to our Young Citizens of Tomorrow. Soon the responsibility for world destiny will rest heavily upon their shoulders. As Americans, they will meet those responsibilities without faltering. Among them, in the years to come will be many with fame and fortune. But, just as they are right now . . . with the dawn of a greater tomorrow in their fresh young faces . . . this newspaper wants a picture of these future professional men and women, and, who knows, perhaps a future president of our country. These pictures will be published in a forthcoming special feature. So, Mother and Dad, your cooperation will be needed to help make this event a colorful and inspiring exhibit!

Arrangements have been made with The Woltz Studios, nationally known children's photographers for newspapers, to take the pictures at the time and place given below. All you have to do is bring your children to the photographer. There is no charge or obligation. Children must be accompanied by one parent or other guardian.

You do not have to be a subscriber to this newspaper and you do not need to purchase photographs, although you may do so If you wish. Just bring your children down and have the pictures taken. Later you will be shown proofs from which you select the pose you prefer having printed in the paper. It is as

• You can clip these pictures from the paper, thus obtaining memento of childhood which will become a treasured keepsake and memory record for both you and your children. Below is the time and place to have your pictures taken without costi
