THIS NEWSPAPER

To Publish Pictures of LOCAL CHILDREN

• Pictures of the children of this community are to be published in this newspaper as a special tribute to our Young Citizens of Tomorrow. Soon the responsibility for world destiny will rest heavily upon their shoulders. As Americans, they will meet those responsibilities without faltering. Among them, in the years to come will be many with fame and fortune. But, just as they are right new . . . with the dawn of a greater tomorrow in their fresh young faces . . . this newspaper wants a picture of these future professional men and wemen, and, who knows, perhaps a future president of our country. These pictures will be published in a forthcoming special feature. So, Mother and Dad, your cooperation will be needed to help make this event a colorful and inspiring exhibit!

• Arrangements have been made with The Woltz Studios, nationally known children's photographers for newspapers, to take the pictures at the time and place given below. All you have to do is bring your children to the photographer. There is no charge or obligation. Children must be accompanied by one parent or other guardian.

• You do not have to be a subscriber to this newspaper and you do not need to purchase photographs, although you may do so If you wish. Just bring your children down and have the pictures taken. Later you will be shown proofs from which you select the pose you prefer having printed in the paper. It is as simple as that!

Tou can clip these pictures from the paper, thus obtaining memento of childhood which will become a treasured keepsake and memory record for both you and your children.

Below is the time and place to have Your plotures taken without cost!

X-RAY FITTERS

Wellsville, N. Y.

TOTERE WILLING TO BET it's the latest creation from W New York. And that lovely furniture—probably that came from Jamestowa.

Come to think of it, almost everything in your house comes so you from distant points. Food from far-away farms, groves and canneries, household appliances from far-off industrial centers-many of the things needed for good living traveled hundreds of miles to you.

Bringing folks the products they need-keeping America prosperous by low-cost transportation-has been the job of your railroads. Doing this job efficiently depends on the railroads' ability to provide for maintenance, new equipment

and improved facilities. But the railroads are faced with these problems:

Since 1939 payrolls are up more than 50% Costs of supplies and materials up 60% Freight rate increases average only 17%

And yet the cost of railroad service to you is less today than it was 25 years ago.

As a result, railroads are earning only a fraction over 3% on their net investment. Most people agree that any business should earn at least 6% if it is to survive and progress as a self-supposting enterprise. Your railroads need the opportunity to earn that 6% to provide you with continued and improved service.

Erie Railroad Serving the Heart of Industrial America
