We Want Hour PICTURES!

Don't forget our invitation to have your pictures taken and published in this newspaper. Remind your parents it costs them

• The Woltz Studios, nationally known children's photographers for newspapers, will take your pictures expressly for publication in a new feature titled "CITIZENS of TOMORROW."

• Remind your parents, too, that nothing need be subscribed to: they do not even have to be a reader of this paper. There no obligation of any kind! Every youngster in this trading area is eligible. There is no age limit. Extra prints may be obtained by arranging with the studio representative when the pose for publication is selected; but this, too, is entirely up to your parents.

• Clippings of these pictures will become treasured mementos of childhood, so be sure to call on our photographer during the time mentioned below. We do not want a single local youngster to be disappointed. Appointments are NOT necessary, but one of your parents or another adult must accompany you.
