"I LIKE TO GET MY SHARE OF OUR PARTY LINE AND I KNOW, SO DO OTHERS?

"It means better service for everyone on the line when we have consideration for the other users. So when I have several calls to make, I allow a few minutes in between; after all, many of them can be made at almost any time. And it gives others a chance to use the line too.

"I find that our other party-liners co-operate in this way too. And believe me, it surely means more satisfaction for everyone!"

TRUE ENOUGH! Thoughtful consideration of otherssuch as keeping telephone conversations brief, answering the phone promptly and trying not to interrupt when others are using their phones-makes any party line a BETTER PARTY LINE.
