ner gets stained or dull looking, Fanton, Wellsville, a daughter. survive. you can brighten it by cleaning it with a solution of vinegar and water. Just pour enough hot water into the kettle to cover the stains, and add two tablespoonsfuls of vinegar for each quart of water used. Seal the cooker, bring the pressure up to 15 pounds, and hold it there for minutes. Then release

pressure, and rinse and dry the baking soda on the aluminum cooker, for it darkens the metal and causes it to pit.

Fresh Foods In July People usually think of fall. 'as harvest-time, but in this state the greatest choice of freshly Tharvested foods is in July. survey, for example, shows that 18 of the 23 fruits usually available in Ithaca during the year
