We offer a full Lineup of Service that will keep the Housewife glamorous!

Whether it is Drycleaning or Laundering we are at your service.

We served you during the war when equipment and supplies were hard to get, and with a skeleton crew of employees. Now we have all the supplies we can use, plus several new pieces of equipment, and a full staff of well trained workers under the personal supervision of S. V. DeLuca, who comes to us fully trained and a specialist in his line.

We now can offer you prompt, efficient service, plus quality workmanship.

In addition to our unexcelled Drycleaning, we offer you five economical Laundry services to choose from:

Damp Wash, Thrifty Service, Rough Dry, Gold Seal and Bachelor Service.

We pride ourselves in Operating the Oldest Plant in Western New York with Modern and Up-to-the-Minute Equipment. - 14 years of experience and service to the residents of Allegany County.

MEMBER OF THE AMERICAN INSTITUTE OF LAUNDER-ING, AND THE NATIONAL INSTITUTE OF CLEANERS AND DYERS.

When you send your work to the Modern Laundry and Dry Cleaning Company, you may rest assured that you are sending it to a responsible, reliable concern with years of service to this community. This is also backed by a guarantee of satisfaction to every customer.

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN)

2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN [One brekemon usually rides in freight service]

-BUT THE UNION LEADERS WANT 15 EXTRA "SITTERS" ON THIS TRAIN ... 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS ... TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

Increased Wages, Too

On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employes

In addition to this, an Arbitration Board has just granted a wage increase of 1514 cents an hour to the mil-Hon employes represented by the 17 mon-operating unions. This will some the reflecte \$406,000,000 a year:

Where Will The Money Come From? Where will all the money come from

to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947. In July, the railroads filed an appli-

cation for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increeses in wages and material costs, to supplement that petition and to ask for an additional freight rate

increase. No other course is open. Railroads Do Not Run For Employes Alone

Railroads are operated for the benefit of not one, but several groups—shippęrs, passengers, employes, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.
