Editor's Corner "A Grim Merry Christmas" by Clair Goodridge

Christmas 1956 was probably come of the most beautiful in a long history of Christmases and one of the most tragic in the history of the United States highway. Over several hundred died on the road over the Christmas holiday. How nitiful it is to think of such useless death during this sacred

sesson! How dear the cost of carelessness! The safety counsel had set a high death rate for the festive season between Christmas and New Year's Day, but the slaughter on

the highway exceeded even their most terrible expectations. We are tempted to shrug this off as unfortunate but beyond our It isn't beyond our control. Probably very few of the thoughts that were in the minds of those broken bodies in those twisted wrecks were on the hazthan likely they rested on the warm friendship, big meals, and the nice presents they were going to receive at their destination. Then came the unexpected turn,

the icy spot in the road, the truck stalled up ahead, or the little boy dashing across the road, then disaster!
