PTA News

The March meeting of the PTA was held March 20 at 8:00 in the cafeteria The following slate of nominees were elected as officers for next vear.

James Kessler, 3rd Vice Presi-

Mrs. Alan Tuttle, Secretary Mrs. Richard Wightman, Treas-Plans are being made to hold

a bake sale sponsored by the PTA A musical program was present ed by Mr. Camale and Miss Britincluded selections by Ann Conde, James Greene, the Girls' Ensemble and the Saxo-

phone Ensemble. Rev O. Blakely Hill, pastor of the Christian Temple in Wellsville, the main speaker of the discussed "Parental-Filial Relationship".

He spoke about the three basic institutions of learning: home school and church. Children learn more in the first five or six years Parents should train and discipline their children with the realization that they will be our leaders of

bowitz's article "Nine Words that Can Stop Juvenile Delinquency" condensed in the March Reader's Fut Father back at the head the family. - Teaching young people to respect authority in the home carries over into the school

the city streets and the courts. There are three district attitudes of relationship between parents and children:

1. Strained attitude of trangement. This is brought about by parents who say they trust their children and then expect the worst of them. 2. Mutual toleration.

Complete understanding complete love, mutual affection ympathy. The best parental-filial relationship is one in which the child feels free to come to the parent to discuss every problem frankly and candidly instead of looking elsewhere for understand-

Are You Positive — IV .

"Fish is a brain food." Do you believe that? Are you positive? Feed Billy with fish three times a day if he likes it that much, but it's no guarantee he'll come out with a high I. Q. Like other nutritious foods, fish benefits u won't turn a moron into a genius. It won't help Billy pass an

exam he hasn't studied for. What do you believe? What you believing that fish is brain food probably won't harm you. But some incorrect notions can harm

Here's one you may have heard: "It's easy to cure TB with the new miracle drugs". Do you believe that? Are you positive?

There's no doubt the new druge for TB are the greatest step to ward the defeat of TB since the chest X-ray. But they won't perform miracles. The TB germ the tubercle bacillus—is a hardy bug. The drugs used today could thought to have started from an not kill it except in doses so larre as to kill the patient. But in small doses they can slow down the germ' activity so that the natural disease-fighting strength of the body can defeat them. No drug, i course, can repair body tissue destroyed by tuberculosis. Tuberculosis germs can also

build un resistance to drugs. Us
