### Spring Sports

Spring is here! And with the coming of Spring, a young man's fancy turns to thought of-Sports Now is the time when the student's eyes end to wander from the textbook to the tennis court. Or perhaps he has thoughts of playing on the baseball team or going out for track. Andover, as most of you know, has teams in all three of these fields. Na turally, good athletes are to be desired in sports such as these, **but** second—rate men are also desirable and necessary, especially in a small school, such as Andover. It's wonderful to have an Andover man come in first in a track event, but the fact is, the second, third, and even fourth place winners may make the difference between Andover's winming or losing. In these events especially, our team needs every man it can get to compensate for the large teams of schools with more students.

Coach Stackwick will welcome any high school boys who desire to participate in baseball, tenn or track this Spring. Let's make this season one of Andover's best.
