First Aid For Fainting lady who was a lady carried smellher duty to faint on the slightest faint at the sound of a four-letter in school affairs. Sherman has word, but people do faint, everyone should be prepared to fice space, rest rooms and a spec- acre. deal with the situation correctly

Fainting is sudden unconscious ness caused when the blood supply to the brain is temorarily reduced. It may be the result of injury or emotional shock. Fear, hunger, fatugue, confinement in close sports, a members of the basketquarters, or unpleasant associaball and soccer teams four years tions can cause people to faint. and baseball team, three years, Strong men have been know to and winner of the Sportsmanship keel over at the sight of a hypo-Award last year. Sherman also dermic needle. received in his junior year a cash Consciousness usually returns

quickly in simple fainting. It possible, the person should be placed on his back and his feet raised so that the blood returns to his head He should not try to get up for ten minutes or more or he may faint again. A dash of cold water Sherman majored in Math and or smelling salts or spirits of ammonia may be used for their stimulating effect, but only it there is no sign of bleeding. If a person. recover consciousness

tor should be called immediately. Simple fainting can't happen when a person is lying down. So the best thing to do for someone who feels faint is to get him down before he falls and possibly hurts himself. If that's impossible, have the varsity cheerleaders four
