Our Very First

by Judie Baker Hello, readers everywhere. Welcome to the very first issue of the Hi Herald by us, your new staff. We hope that this will find a place in your thoughts as other "firsts"

for everything and everyone. In this United States or in the world, something happens for the first time constantly. A new drug is discovered, an invention patented. A farmer plants a new crop. A businessman signs a new es an exam-all for the first time. a member of the Varsity Club durtimes—democratic ideas, clothing as well. styles and food research. We can

ferent and developing new ideas. to be acclaimed throughout the earth, but we do hope you will support your school paper by readattempts can be made successful and last year.

Borden Bell Rings Entertain Students And Teachers by lla Marsh

Today at 3 P. M. the students and teachers of Andover Central were entertained by the Borden Bell Ringers who played their Viking Bells, melodious chimes, and instrumental novelties.

As a member of the National country, Charles Kershaw brought unique program in which he was ably assisted by Emily Tucker Brown a proficient pianist who acted as his accompanist. Mrs. awards are: Brown began her study of piano at the age of six, and when only fifteen years old, was safriciently proficient to become the organist

in a large church. Mr. Kershaw's interest in bell ringing, which began as a hobby, has been developed to such a degree that he now presents a completely entertaining program in which he displays his unusual collections of bells, narrates his history and significance and presents them expertly, to the accompaniment provded by Mrs. Brown. bells, dinner bells, cow bells, and some more elaborate and expensive instruments like the set of rare Viking Bells which were made in Germany and the English

octave shaker chimes. The artistry and skillfulness with which the program was presented reflects not only the musical ability of these two performers, but also their desire to make ruff, Allegany County Band Cereveryone who hears them happier for having passed their way.

Faculty Member Wins Fellowship

by Jean Updyke Mr. Reil, Andover High School

math and science teacher, has won a fellowship to Clarkson College of Technology Summer Institute. He is one of 50 stipend recipients out of 750 that competed. Participants and their families

will room and board in college dormitories. Each stipend recipient will receive \$75 per week and \$15 for each dependent. However, they are limited to four dependents. They will also receive 4c a mile for round trip with \$80 as a limit.

Mr. Reil will be taking two physics classes and one class in chemistry for a required eight There will be demonstration workshops, modern physics, and chysical chemistry laboratory. Clarkson has been selected by the National Science Foundation a Mathematic and begin June 30 and end August 22. Congratulations, Mr. Reil!

Definition l good line is the shortest dissance between two dates.

by Jean Updyke

This week we introduce Thomas Smith who's majoring in math There is always a first time and acience and is vice-persident of the Senior Class.

"Tom", who is very active in sports, has been on the wrestling team four years. He has competed in the County Wrestling or a new nuclear reaction is Championship match every year throughout high school. Also he twice wrestled in the Bi-County contract, or a school student pass- Championship match. He has been All that we enjoy in this life ing his junior and senior year and of ours can be traced to first on the baseball and soccer team

His only interest is not sports, thank people for daring to be dif. - however. During his four year: of high school he has written for We don't expect our first issue the Hi Herald, been in Camera Club, Chorus, on the Yearbook Staff and a Student Council Representative. Also he had a part ing it and writing it. Our first in the class plays, both this year

"Tom" also took the National Merit Scholarship Qualifying Test
