Y., is hereby authorized and directed to purchase the following described real property from Lewis Howe and Vivian Howe his wife, for the sum of Thirty-five Hundred Dol-

lars (\$3500.00), to wit: ALL THAT TRACT OR PAR-CEL OF LAND, situate in the Village of Andover, County Allegany and State of New York, and bounded as follows: Commencing at a point in the center of Barney Street in the said Village of Andover, where the center of Fuller Street intersects the center of Barney Street; thence in Westerly direction along the center of Fuller Street a distance of 343 feet more or less to the East-Zone" sign is provided for pedestrains for wards for meet said Central School District No. 1; a Southerly direction along the Easterly line of the said Central property of the said Central School District No. 1 a distance of 290 feet to a point; thence in an Easterly direction along a line parallel to the center of Fuller Street and 290 feet South therefrom a distance of 188 feet to the Westerly line or a continuation thereof of property of Carmody; thence in a Northerly direction along the Westerly line of the property of Carmody or the continuation thereof a distance of 148 feet to the Northwest corner of property of Carmody; thence in an Easterly direction along the Northerly line of property of Carmody a distance of 155 feet to the center of Barney

Street; thence in a Northerly direction along the center of Barney Street a distance of 142 feet more or less to the place of beginning. Which said sum of Thirty-five Hundred Dollars (\$3500.00) shall and challenging probe paid for out of current surplus presented each Sunday moneys.

Dated June 12, 1958. Note: Copies of candidates pe-

safety will be seen in New York

For the first time, local municipalities in New York have to conform to uniform State standards on traffic signs, signals and road markings - the same standards which apply on all State highways but the changeover will be gradual because the law says traffic devices in place, on hand or on markings will not be required but order July 1 may be used until it will be encouraged, especially

The new 400-page State manual, which represents months of State specifications for all-white study by the Traffic Commission and advisory committees of local yellow will be prescribed for specifications as to each device and Stafe agencies, makes many changes in the interest of safer, markings. more efficient movement of traffic according to Motor Vehicle Commissioner Joseph P. Kelly, who is chairman of the Commission.

Here are some of the new fea-

The new "Yield Right of Way" And notice is also given that pe- sign will be keystone in shape, white-on-red. This sign, authorized by new law, will mean that the intersection must be approached with caution, that you must stop if that is "required for safety" and that you may proceed only after yielding the right-ofway to any vehicle which has entered the intersection from another road or is so close as to be an "immediate hazard." A new black-on-yellow "Yield Sign Ahead" sign will be used in

advance of "Yield" signs with low The "running boy" symbol on school and playground signs will be changed to a "strolling boy and girl" symbol to encourage better pedestrian habits among

New "Dead Eng Stop" signs, white-on-red, are provided. These will be required within 100 feet of road ends. There will also be black-on-yellow advance warming signs where the dead end road is

over 300 feet long. The Commission's manual will recommend against angle parking, according to Lloyd Maeder, director of the Commission. New law Maeder said the Traffic Commission will not authorize angle parking on any State highways "unless it can be clearly determined that such parking will not create undue hazards of conges-

New warning signs are provided for the boundaries of municipalwhere all-night parking is prohibited by local ordinance. The manual prescribes simplified standards for intersection signs reducing the number of different

symbols now in use from 21 to A new black-on-yellow "Safety Tourists will find big improve

by 24 inches with 12-inch numerals

signs with five-inch numerals.

Uniform Traffic Control Devices—inch letters. The new standard at least eight inches—12 inches on overhead installations and up to 24 inches on express highways. All new destination signs will have reflectorized white letters on reflectorized green backgroundeasier to read than the black-onwhite signs now in general use.

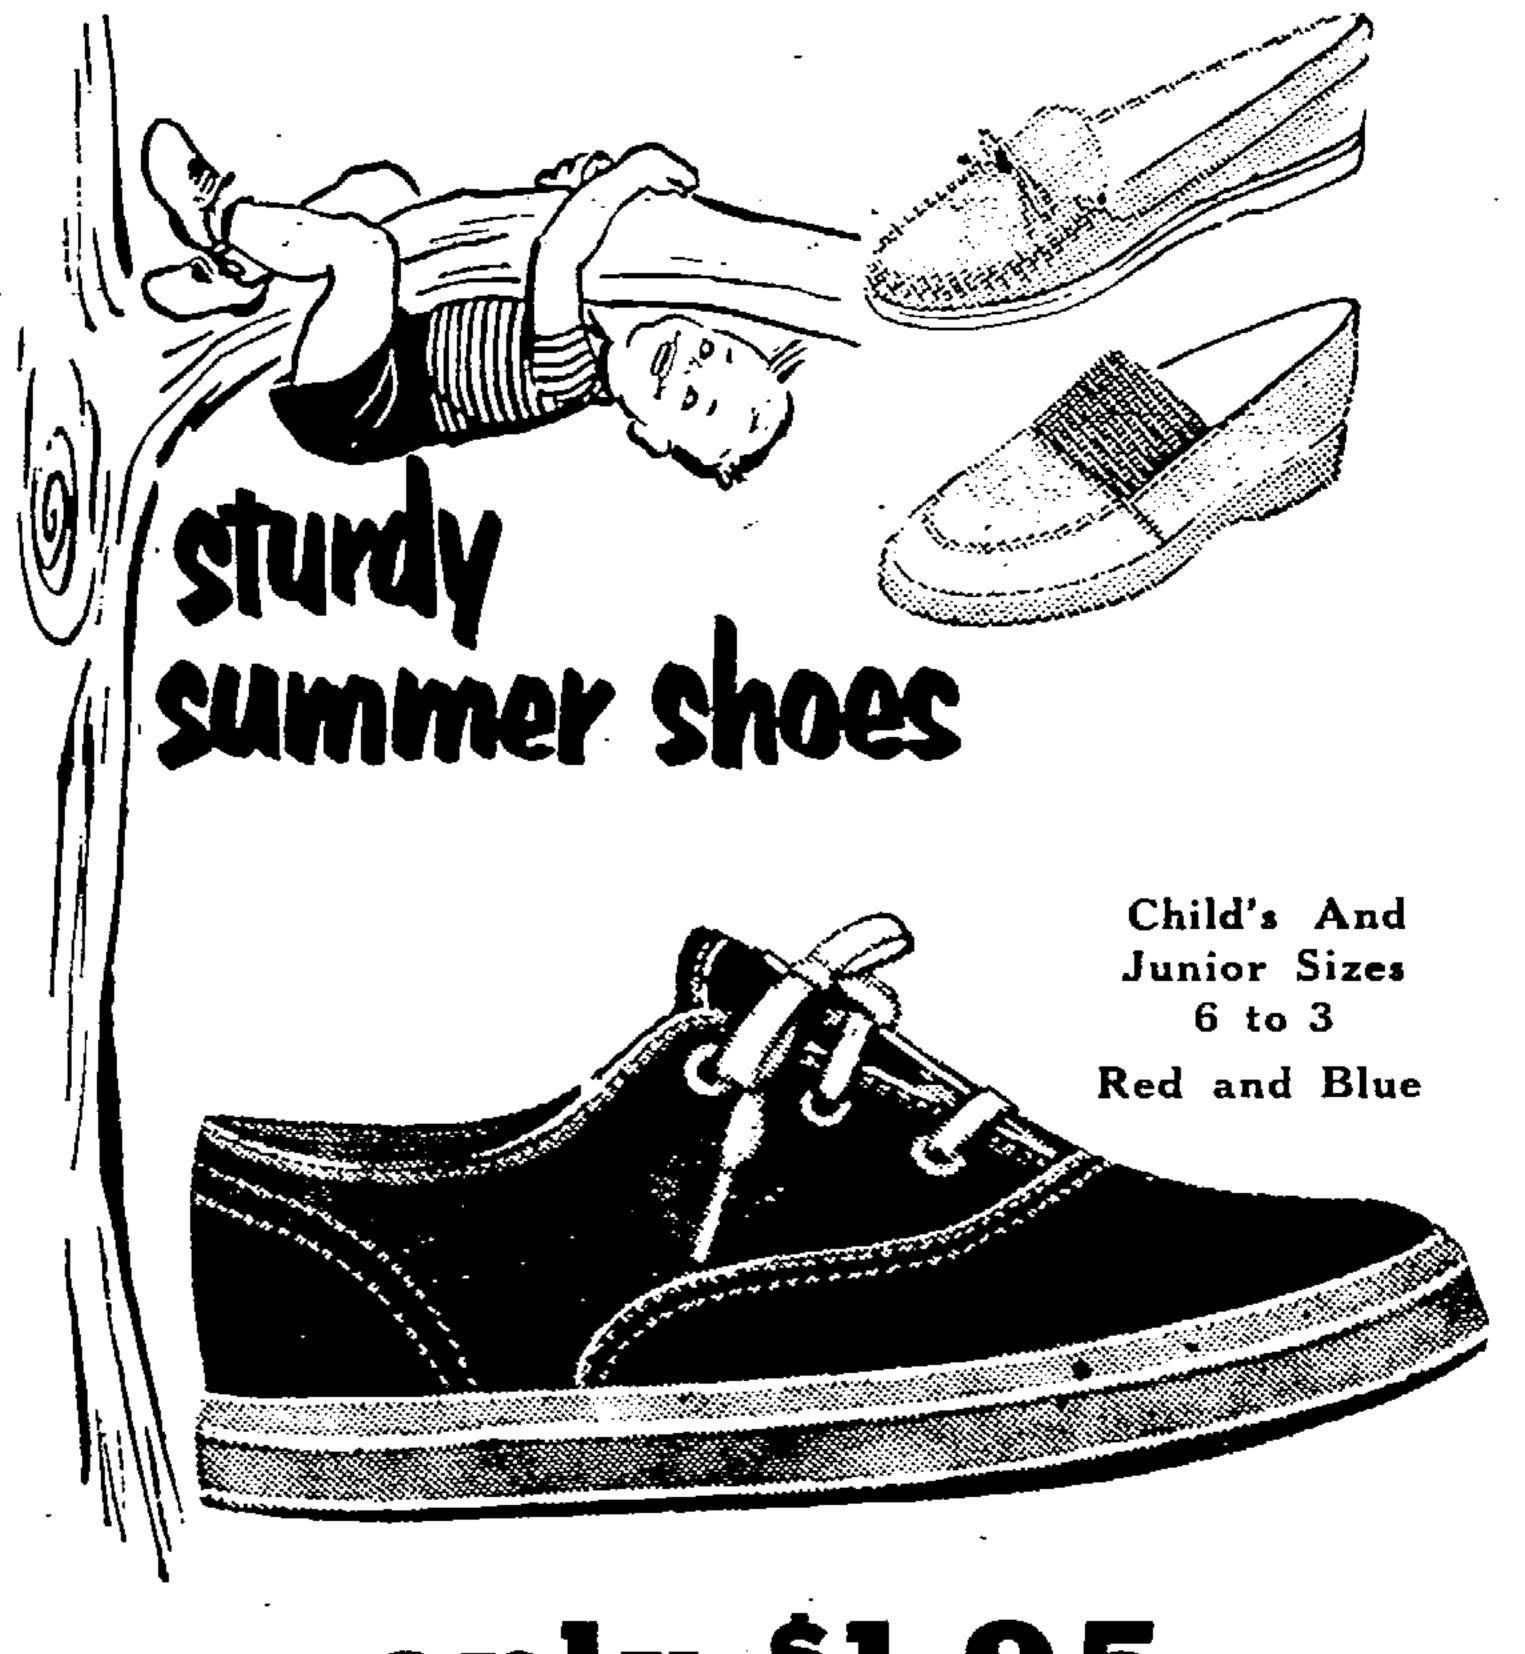

Reflectorization of pavement

on unlighted highways. The manual retains present pavement markings, except that crosswalks at schools and for curb

On pavements with four or more lanes, the present solid center line will be changed to a double solid line. Because of the trend to lower

The new manual will apply to all highways except those under the jurisdiction of New York City, the Thruway Authority, park commissions, and parkway, bridge passenger cars, which reduce sight—and tunnel authorities.
