dry, windy weather with ground covered with dead vegetation could quickly create a high Mr. Hamilton urged everyone

night guests of Dr. and Mrs. F. and especially the army of hunters taking to the woods this month to observe caution in the use of fire in or near forested areas. "One carelessly tossed match,

one uncrushed cigar butt, one undoused warming fire can speedily create an inferno of flames", The forest fires which result from carelessness do severe harm to timberland owners, the taxpaying public, forest industries, hunters and other recreationists, Mr. Hamilton said.

Besides the losses suffered in timber and soil and the costs of suppression, forest fires are highdetrimental to good hunting. Not only does wildlife perish in the path of the flames, but the destruction of food and cover can lead to later starvtion.

So far in 1958 fire losses have not been heavy in New York Three Questions will be submit State, but last year there was a A copy of each such amenda total of 1,757 forest fires. The and question may be obtained greatest single cause was smokers on application to the Board who were responsible for 546 Election Inspectors in the ap fires. Hunters were blamed for late district in said County of
