Friday, November 28, 1958, members of Andover Fire Department will begin its porch light canvass calling upon friends and crippling, killing disease known as March for Muscular Dystrophy endorsed by firemen throughout the nation, will raise funds to support the program of scientific research and patient service maintained by Muscular Dystrophy Association of America.

Nearly a quarter million people in the United States suffer form MD which claims children as its chief victims. The mysterious, muscle-destroying nature of the disease greatly shortens life expectancy at all age levels and, in children, is nearly always fatal. It is MDAA's hope that all-out scientific research efforts will develop a cure in time to save those now stricken.

In its search for an effective treatment, Muscular Dystrophy Association of America sponsors nearly 100 research projects in medical centers in the country and abroad. MDAA also offers, Thomas Baker of Bolivar, a son. through its nearly 350 Chapter affiliates, a wide range of patient Charles Ficking services, the facilities of a net-daughter. work of MD clinics and, a program to improve educational and recreational facilities for dystro-

phic children. MDAA's most ambitious project designed to speed up the race for a cure, is the multi-million dollar Institute for Muscle Dis- ter. ease, now nearing completion in Lorraine of Auburn are spending New York City. In addition to serving as acenter for compreguests of Mr. and Mrs. Ralph hensive research, the Institute will also provide facilities for evaluating and coordinating the of Campbell and Miss Anna results of investigations in this Laura Crandall of Independence field made by scientists through-
