Before You Buy Any Dishwasher

COMPARE

It With The Best

KITCHENAID!

We'll stack KitchenAid up against any make or model of dishwasher on the market. Compare them all and you'll quickly see why you should buy the best—KitchenAid. Happy KitchenAid owners have helped to sell more than half the KitchenAid dishwashers. Start YOUR comparison right now with these few of many superior KitchenAid features.

1. **COMPARE** the Big Blue Wash Arm in a KitchenAid (a hefty 8 pounds) with the plastic or light metal wash arms in other dishwashers.
2. **COMPARE** the efficient stainless steel filters (that keep wash and rinse water clean) with the strainers in other dishwashers.
3. **COMPARE** the quietness of the "Guided Action" wash and rinse of KitchenAid to the operating noises of others.
4. **COMPARE** exclusive Flo-Thru drying. KitchenAid dries safely and thoroughly with sanitized, circulating hot air . . . not with the intense heat alone of a range-type heating element.
5. **COMPARE** What other manufacture can approach Hobart's 70-plus years of specialized experience in high quality dishwashers for homes, restaurants, hotels, hospitals, etc.

If remodeling is a problem a KitchenAid Top-Loading Portable is your answer

Unlike other portables, the KitchenAid features the same wash arm, unique drying system, stainless steel filters, porcelain wash chamber, motor and quality construction as the most expensive KitchenAid built-in model. But Compare it and see for yourself.

Or—choose a front-loading convertible portable. Use it as a portable now . . . built it in later.

COMPARE AND YOU'LL BUY THE BEST!
