**Santa To Arrive In  
Wellsville Friday**

Santa Claus will arrive in Wellsville for his annual pre-Christmas visit Friday, Nov. 29th, according to Recreation Director Harry G. Stoll.

Present itinerary calls for Santa to land at the local airport at 1 p. m., in a plane piloted by Floyd Mallory. He will be met by the McEwen Hose Company fire truck which will transport him to the Community Building on Park Ave.

During his trip there he will be joined at Pearl St. by the Blue Devil's Drum & Bugle Corps. They will then proceed down "Santa Claus Lane" (N. Main St.) to the radio station, where Santa will speak.

The procession then will proceed to W. State St., turning west to Park Ave., and back to the Community Building.

Candy will be given all children to whom Santa talks.

**Two Postal Trucks  
Involved In Accident  
At Overhead**

Two new postal trucks were involved in an accident near here shortly after midnight Thursday.

State police said a vehicle operated by William Ronald Riddell of Sanford, Ohio, was towing a second eastward when the right side of the tow bar broke. The two trucks, being delivered to the Postal Department at Elmira, went out of control.

The towed machine tipped onto its right side and pulled the front truck off the left hand shoulder with both coming to rest in a field about 15 feet from the highway.

The accident occurred on a slight downward incline, just west of the village on Route 17.

**Compare — Then Buy The Best**

**"The KitchenAid  
Electric Dishwasher"**

We'll stack KitchenAid up against any make or model of dishwasher on the market. Compare them all and you'll quickly see why you should buy the best—KitchenAid. Happy KitchenAid owners have helped to sell more than half the KitchenAid dishwashers. Start YOUR comparison right now with these few of many superior KitchenAid features.

1. COMPARE the Big Blue Wash Arm in a KitchenAid (a hefty 6 pounds) with the plastic or light metal wash arms in other dishwashers.
2. COMPARE the efficient stainless steel filters (that keep wash and rinse water clean) with the strainers in other dishwashers.
3. COMPARE the quietness of the "Guided Action" wash and rinse of KitchenAid to the operating noises of others.
4. COMPARE exclusive Flo-Thru drying. KitchenAid dries safely and thoroughly with sanitized, circulating hot air... not with the intense heat alone of a range-type heating element.
5. COMPARE What other manufacturer can approach Hobart's 70-plus years of specialized experience in high quality dishwashers for homes, restaurants, hotels, hospitals, etc.

**If remodeling is a problem a  
KitchenAid Top-Loading Portable  
is your answer**

Unlike other portables, the KitchenAid features the same wash arm, unique drying system, stainless steel filters, porcelain wash chamber, motor and quality construction as the most expensive KitchenAid built-in model. But—compare it and see for yourself.
