

Leo R. Burgett

Private Leo R. Burgett of Andover, has been assigned to "C" Company of the 4th Training Regiment of the U. S. Army Training Center, Infantry, for eight weeks of basic training. During this program, he will receive instruction in general military subjects to prepare him for more specialized training.

After the initial eight weeks, he will receive two weeks leave, then enter advanced infantry training, be enrolled in one of the specialist schools here, or be sent to another Army post for advanced training.

Prior to his arrival at Fort Dix on Nov. 6th, Leo Burgett is the grandson of Mr. and Mrs. Ira Conner, Andover and graduated from Andover Central School and Alfred State Technical Institute.

Hanging of the mistletoe and burning of the yule log are two of the most ancient customs coming from our pagan ancestors.

Slight Chances Listed For '64 Feed Grain Program

Participation in the Feed Grain Program will be necessary again in 1964 in order to be eligible for price support on 1964-crop corn, and barley, Stephen Clarke, Chairman, Agricultural Stabilization and Conservation Allegany County Committee, reminds farmers. Minimum acreage diversion under the program will be 20 percent of a farm's total Feed Grain base (for the three grains). Producer sign-up will start February 10, 1964.

The Chairman explained that the program for the three grains will be similar to the 1963 program except for these slight modifications:

(1) The top limit on diversion is increased from 40 to 50 percent of the base or 25 acres, whichever is greater:

(2) In computing diversion and price-support payments, the average yield figures will be based on the 4-year (1959-62) average instead of the 2-year (1959-60) average:

(3) While the total price supports for the three grains in 1964 are unchanged from 1963 levels, a slightly larger proportion of the supports will be available as loans or purchases, with corresponding decreases in price-support payments:

(4) Payments of any producer are limited to not more than 20 percent of the fair market value of any acreage involved; and

(5) The maximum payment rate will apply to all the acreage diverted where the total diversion on the farm is 40 percent or more of the base.

Support prices for grains included in the 1964 Feed Grain Program were announced July 18, 1963, as follows: Corn (per bu.) \$1.10 loan, 15-cent price-support; Barley (per bu.), 84-cent loan, 12-cent payment, 96-cent total support.

Delbert G. Kemp

Private Delbert G. Kemp of Andover, has been assigned to C Company of the 4th Training Regiment of the U.S. Army Training Center, Infantry, for eight weeks of basic training. During this program, he will receive instruction in general military subjects to prepare him for more specialized training.

After the initial eight weeks, he will receive two weeks leave, then enter advanced infantry training, be enrolled in one of the specialist schools here, or be sent to another Army post for advanced training.

Prior to his arrival at Fort Dix on Nov. 11th, Delbert G. Kemp is the son of Mrs. Charles Clemens, R.D. 1, Andover and his address is:

In various central European countries the Christmas Crib, staged in a box, is carried through the streets by groups of singing children during Christmas time.

Black birch trees exude a sap in autumn from which birch beer is made. From a broken twig or an aperture made in the trunk there will be a drop every second, or a quart a day.
