## Plan ACP Spring Practices Now

Farmers who have been considering soil-and-water-conservation practices to be established on their farms with Agricultural Conservation Program cooperation next spring and summer should file their requests for program assistance as soon as possible, Stephen Clarke, Chairman, Agricultural Stabilization and Conservation Allegany County Committee, has suggested.

Under the 1964 program, cost-share program assistance averages about half the cost of carrying out such conservation practices as establishing and improving vegetative cover of grasses, legumes, or trees for soil conservation or more efficient use of water.

In addition, the 1964 program provides for similar cost-share assistance to farmers in developing soil-and-water-conservation practices primarily for the benefit of wildlife. These include the establishment of wildlife food plots or habitat, ponds and shallow water areas, and other practices which provide important wildlife conservation benefits.

The 1964 ACP was drawn up several months ago, and applications will be accepted at the ASCS County Office and the following meeting places starting on February 10th:

Belmont Town Hall, Monday, February 10th  
 Friendship Town Hall, Tuesday, February 11th  
 Canaseraga Town Hall, Thursday, February 13th  
 Fillmore Legion Home, Friday,
