## News That's Print To Fit

Boyl! Have we ever got a real scoop! The only trouble is it's on the wrong guy and neither he nor his buddy who can be considered an expert on cameras can figure how it happened!

Seems that there daring Editor feller braved the dangers of the infield corners at the Olean Speedway last Saturday night accompanied by daring "Dick" that there official racetrack photographer, and shot up a roll of film on his newly acquired camera.

By a stroke of luck the only real action occurred directly in front of him when driver Pezzimenti rolled over and over and over and then went end-over-end with his No. 1 racer. He was also able to snap 2 shots, one while the racer was on its top during its initial roll and the second one just as it landed on its wheels.

However, the stroke of luck changed from good to bad after the film was developed as the complete roll of film was as clear as a crystal without the shadow of an image on any of the twelve frames.

"Daring Dick" loaded the film in the camera, the film transported all right indicating the number of each picture as it was taken, the electronic flash worked every time the shutter was tripped and there wasn't any lens cap over the lens since this item wasn't included in "Red's" prize purchase. The roll of film was developed together with a roll that "Dick" took at the same race and this turned out a—O.K. Thus the puzzled pair are just about ready to turn the "Case of the stolen images" over to "Matt" Dillon, the "Broadbrims", or the F.B.I.

Why is yours truly letting every one in on this tragedy—more than half he would rather give a first have his wife or friend "Dick" write up the story and color it up hand factual account of it than a batch. Suppose?

## Another Big Scoop! SISSON HOME INVADED BY 50 HUNGRY TEEN-AGERS

Last Thursday evening we stopped by the Harold Sisson home to take pictures of some of the Seniors as they took off for their New York trip, only to find that the home was already over-run by Teen-Agers—along with some Older Teen-Agers, too!

It seems that Rosemary and Bernard Burger, and Jane and Harold Sisson got together and felt that the Seniors and their Chaperones shouldn't leave on the Senior Trip on empty stomachs so proceeded to do something about it.

Thus they invited the whole group up to the Sisson home for a very, very early breakfast. According to statistics compiled by an eye-witness mouse, a total of around 55 Seniors and Adults were served: Homemade Sugar Buns, Scrambled Eggs, assorted juices, cookies, coffee, and of course both chocolate and white milk.

The buffet style breakfast was served from 11 to 12:15 with a sort of shuttle service in operation and then the travelers loaded onto the bus at the School and departed before the scheduled time of 12:30.

Mr. and Mrs. Jack Collins from Elm Valley also assisted in serving the gang but we don't know who all had to do the K.P. chores after it was all over with.

A LATE NEWS FLASH:—Andover Garage Bowling Team finally has something to show for three years' hard labor.

We understand that the above mentioned bowling team won third prize in the Wellsville Community Bowling League in this season's

## bowling contest.

The team consists of Howard Nichols, Frank Cahill, Roger Baker, "Slim" Lehman, "Swig" Lehman and "Charlie" Lehman.

According to people that have talked to Howard—he is proud enough of their beautiful trophy—that if it were a picture he'd be sure to have it framed.

At the present time it is on display at the Andover Garage and we imagine that if any enterprising salesman came along selling Trophy Display Cases—he could make a quick and easy sale. Congratulations Fellers!
