**WITH ETERNAL LOVE**

The selection of a Memorial as a perpetual mark of love and respect for a departed loved one is a most personal affair. High-pressure salesmanship and competitive huckstering have no place in so important a decision.

For all of our more than 50 years in the monument business it has been our custom, out of respect for the bereaved, to wait a suitable time before making a business call.

At such a time of great personal loss it can be a great comfort to know that the details of Memorial selection can be eased by dealing with a firm long known for its integrity and attention to detail.

Our selection of monuments and markers is the largest in this area. Installation of any in-stock item requires only 15 days. We also offer complete lettering service, and no payments until monument is set.

For personal service call "Dick" Umiker at the shop days, or arrange for an evening or Sunday appointment.
