## Editorial

by Vicki Lynch

The Junior Red Cross Drive is again under way. Students from kindergarten through twelfth are asked to give generously to this worthwhile cause.

Have you wondered what this money is spent for after it has been collected? The High School Red Cross uses this money to buy miscellaneous articles to complete friendship boxes, materials, such as lumber and yarn for use in the Red Cross's projects, to buy Christmas presents for hospital patients and to help pay for such things as glasses and tonsil operations for deprived children. In addition, this money is also used to pay postage for overseas albums and exchange programs and to send representatives to state and county conventions.

Perhaps, you have wondered what the high school Red Cross does. At the present time, the Andover Chapter is working on several projects. These include a lap robe for the Bath Veteran's Hospital, a disaster chest, the art program, the First Aid course, friendship boxes, and volunteer work. They are also working on toys for children, confined in the hospitals and albums to send to foreign countries. They are also participating in the School Exchange Program with Australia and the Seed Program with Liberia. The next large project is full filling the promise of a free car wash to blood donors. This will be held on May 4th.

Open your hearts, as well as your pocketbooks to this worthwhile organization. Give your time along with your much needed money.

## Feature

Well, vacation is over and it's time to resume work. Many of us are dissatisfied with our marks, and wondering if we're going to pass certain courses. We still have a short time to do it in.

If we're not too far below passing, we still can make it. But, if our marks have been low all year, only a miracle is likely to get us through.

There is always summer school, but it's not a very nice way to spend a vacation - doing over again what we should have done all year. We can always wait and repeat the subject next year, unless we are seniors. In that case, this problem may mean trouble.

At this point, we had better resolve to make use of the next few weeks, and better yet, to make a resolution that next year at this time we will not find ourselves in this same dilemma.

## A.C.S. Students Attend District Meeting

Last Wednesday, April 22, five Andover students attended an annual district meeting of the N. Y. S. Association of Student Councils at Canisteo.

Dick Joyce, Clair Updyke, Connie Lewis, Dan Smith and John Billings left school with Mr. Masters at 3:00 P. M. Each student was assigned to a separate workshop. In these workshops, different subjects concerning District 3 and Student Councils were discussed.

Dinner was served to the attending students at 6:00 P. M., followed by entertainment by the Canisteo "Debonnaires" and a speech by Rev. Flaxington. A general session to discuss the workshops followed and upon completion, there was a social hour for all in attendance. The Andover students arrived home at about 9:00 P. M. after an enjoyable afternoon.

Paper was invented by the Chinese in about 105 A. D. and introduced to Europe in the eighth century. Europe's first manufacture of paper was done in the 12th century by the Moores in Spain.

## Senior Interviews

This week's Senior Interview is centered around Victoria Elizabeth Lynch, who was born June 22, 1946, to Mr. and Mrs. Charles G. Lynch. "Vicki" has one sister Martha, and two brothers, Robert and Brian.

Throughout high school Vicki has maintained a 90+ average, while majoring in Science. She will be the Salutatorian for this year's class.

During her high school career, Vicki has participated in many activities. Among these are: Sports Editor and Editor of the Hi Herald, Band, FHA, GAA, Future Nurses Club, Library Council, Junior Play and The National Honor Society. Her outside activities: Andover Grange, Allegany County Young Patrons, 4-H, and the C.Y.O. Vicki also received the Betty Crocker Award this year.

Some of Vicki's favorites are: Book, "The Teahouse of the August Moon"; food Watermelon; color, red; subject, chemistry, and pastime, horses, reading, writing letters and swimming.

As for plans after graduation, Vicki will attend Alfred Ag-Tech for Business Data Processing.

The Senior Class of 1964 wishes all the success and happiness to Vicki Lynch for her promising career and can say that we have enjoyed being your classmates.

Marian Alberta Main is the daughter of Mrs. Alberta D. Main. She was born February 20, 1946.

Marian has majored in Science in high school. During her high school years she has belonged to FHA for four years; and Library Council for three years. Marian has added her soprano voice to the Senior Choir for two years.

She has belonged to Wesleyan Youth Groups for three years and Y.P.C., for five years. She sang in the church choir for three years.

Among Marian's favorites we find: food, French Fries; color, pink; subject, bookkeeping; and sport, skating. Her favorite pastime is playing the piano. Her philosophy is "A good name is rather to be chosen than silver or gold."

Marian plans on attending nursing school next year. We wish her much success in the years to come.

Judging from his high school career and his likeable personality, Douglas Brownlee Mulholland might well be considered an all-around, all-American, All-Andover boy. Born on July 15, 1946, the son of Mrs. Jean Ann Mulholland and the late James B. Mulholland, "Mo" was preceded by a sister, Terry and a brother, Jim.

Besides holding down a math and science major, Doug has participated in practically every phase

of extra-curricular activities A.C.S. offers. These include: Senior Band, six year; Chorus, this year; Hi Herald, this year; Student Council President; Varsity Club, three years, President in Junior year and Treasurer in Senior year; Candidate to Boy's State; Soccer Team, three years; Varsity Basketball, four years; Baseball, two years; and Track Team, two years. Besides all this, Doug had parts in both his Junior and Senior plays. He has held the following class offices: Treasurer in Freshman, and Senior years; and President in Sophomore year. He is Editor of the 1964 Yearbook, also. "Mo" likes many things, but he is partial to the book "Advise and Consent", the food pizza, the color blue, and the subject physics. His pastime is working.

After graduation, Doug plans to attend Alfred State Tech where he has been accepted. To an outstanding member of the Class of '64, we wish much success and happiness.

This week we are interviewing an A. C. S. Senior who is commuting from Canisteo. She is Evelyn Jean Morse. "Jean", as she prefers to be called, was born on December 3, 1946, to Mr. and Mrs. Fay Morse, now of Canisteo. She has one sister and one brother.

Before Jean came to Andover, she attended Wellsville High School where she participated in such activities as: Junior Dramatics, of which she was secretary; FHA song leader; Band; Choir; Intramurals; GAA; and the Minstrel Show. She entered A. C. S. in November, 1962 and has contributed to such activities as: F.H.A.; G.A.A.; and Captain of Girl's Basketball Team this year. Jean also had a part in her Junior Play (Jane) and in her Senior Play (Mrs. Ames).

Jean's favorites include: food, any Italian food; color, red; subject, Beauty; pastime, driving. Her majors throughout high school have been homemaking and business. Jean has chosen as her philosophy, "Make the best of what you have" and her pet peeve is: "People who say one thing and do another."

As far as future plan are concerned, Jean plans to attend the Continental School of Beauty in Rochester. She later hopes to teach Beauty Culture. We certainly want to wish Jean the best of luck for her future.

## Yearbooks Now On Sale

Attention all students and parents alike—the 1964 Yearbooks, which promises to be the biggest and best book ever, is now on sale for \$3.00. Don't miss the fun of an exciting and worthwhile spree of memories. Pay all now at delivery. Either way, order or a dollar down and two dollars now from any Senior.

## Downbeats

The Annual Allegany County Music Festival was held last week, Friday and Saturday at Cuba Central School. This festival presents an opportunity for the school musical organizations to perform before an adjudicator for criticisms and suggestions for improving the quality of future performance.

Choir day was Friday this year with Leroy S. Williams of Portville as adjudicator. The bands on Saturday were judged by Alfred A. Castle of Irondequoit, New York. These gentlemen are both well qualified in their field.

Because of the Senior Trip last week-end the Senior Choir and Band did not perform at Cuba. Instead Mrs. McClure took the Elementary Choir of seventy-five children (34 through 6th grades) and Mr. McClure took the Junior Band of forty-two members (grades 5-8).

Both groups performed three pieces. Choirs were judged on musical effect, tone quality, intonation, diction and interpretation—and our young group received an "A" rating.

Bands were judged on tone, intonation technique, rhythm, balance and interpretation—and the Junior Band earned an "A" rating.

These ratings show fine work by these groups and they deserve congratulations.

This Friday and Saturday evenings, the Andover Dance Band is appearing in the Talent Show sponsored by the Exchange Club of Wellsville. The band will be competing with many other talents for a first prize of \$200. Tickets are on sale in Wellsville if you care to hear our Dance Band perform.

## Jr. Red Cross Drive In Process

The Andover Chapter of the Jr. Red Cross is sponsoring a fund-raising project in the school. The drive began on Monday, April 27, and will end on Monday, May 11. Boxes have been placed in all homerooms. Won't you give? We need YOUR help.

## Purple and White

The following boys will make up the Andover High School Baseball team: Ed Smith, Jim Cannon, Ira Conner, Bob Joyce, Norman Alvord, Danny Smith, Tom Ordway, Gene Rosintoski, Gary Ordway, Dave Vickers, Dave Thorp, John Billings, Bob Baker, Dave Wightman, Bob Cornell, Bill Childs and Jim Partridge.

The team is shaping up pretty good but it is still a little weak at shortstop and second base. Pitching will be handled by Jim Cannon, Dave Thorp and Gene Rosintoski.

The first game of the season will be at Cuba. This should be one of the toughest of the season along with the Scio game.

Catcher—Ed Smith  
 Pitcher—Jim Cannon  
 1st—Ira Conner  
 2nd—Norman Alvord, Bob Joyce  
 3rd—Gene Rosintoski, Tom Ordway  
 S.S.—Dan Smith, Norman Alvord  
 LF—Gary Ordway, John Billings

CF—Dave Thorp, Bob Cornell  
 RF—Bob Joyce, Bill Childs

## Remember When

Linda DeRemer treated the class to candy rabbits on her twelfth birthday?

Billy Emery, Bonnie Fuller and James Cannon went roller skating, Saturday?

Jane Nichols visited her sister in Rochester, Sunday?  
 Sharon McGillivray and Don Harvey celebrated their birthdays on the eighth and ninth?

Robert Goodridge and Mary Smith were Captains for the weekly spelling contest?

Billy Childs became an architect and built a candy house for Mrs. Schwarzenbach?

Billy Ford entertained relatives from West Virginia?

More Ethel Caple's team had 100% in the Red Cross Contest? Doug Mulholland collected model ships.

Jeffy Common was in the hospital for two weeks with an appendicitis operation?
