The girls that entered the contest are: Vikki Woolworth, Ethel Perry, Victoria E. Lynch, Bonnie Fuller, Barbara A. Smith, Beverly Clark and Mary Ellen Smith.

The Judges in this part of the contest were R. One of these three young ladies will be selected as Queen and will be crowned at the Ceremonies at the reviewing stand in front of the Citizens National Bank at 10:30 A. M., July 4th, with the other two contestants being chosen as 1st and 2nd Attendants.

All of the local Churches are requested to ring their Church Bells for a period of 2 minutes starting at 9:00 A. M., to signify the starting of our local celebration which follows the "Birth of Freedom" theme.

## News That's Print To Fit

In all of the commotion of going to press last Thursday and hurrying to meet the usual deadline, we neglected to mention that the first ripe, home grown tomato was brought into the News Office by Mrs. Oliver Baker last Thursday and left on exhibit for any of the unbelievers. Of course, it isn't of the variety that would be large enough to make a tossed salad for a large family but nonetheless it is of an edible specie even though it follows the modern trend of the popular "compact" size.

Seems like our Village Employees were hit by a Hurricane of bad luck over the week-end. First our local Chief of Police, Fred Middaugh, ended up in the hospital Sunday as a medical patient followed by our Street Supt., Frank Cahill, on Monday night, who was injured when he jumped from the back of a pick-up truck while answering a fire call Sunday afternoon.

Happy to report though they are both back home, as Frank was released from the St. James Mercy Hospital around noon today and Fred was released from the Bethesda Hospital this afternoon.

This afternoon we noticed that the H. H. Williams Store has a beautiful display of Hand Painted China in their windows that was painted and fired by Harriet Cole Haist, wife of the late Dan Haist, who was such a familiar figure around the Williams Store for many years. Incidentally, it appears that this is the first display on show for the forthcoming "Birth of Freedom" Celebration.

Along the Celebration lines, we are glad that our part of the chores are over with and we wish to thank all of the Businessmen and local Citizens that made our collection of the Fireworks Fund so easy. Incidentally, as a matter of record, where we collected \$165 last year, this year the total amounted to \$205 which means that we will have a better display this year than before. As can be seen by the picture on the front page, we turned the money over to Reid Mattison, Manager of the local branch of the Citizens National Bank, who made out a bank money order to the Ozella Fireworks Company for the amount collected and then presented it to Merle Fox, Assistant Fire Chief, in the absence of Frank Cahill, Chairman of the Celebration.

Frank and his assistant will be gone down to Olean later this week to pick-up the Fireworks selection for the 4th of July Celebration.

We understand that there was some commotion along the fireworks line up on Water Street the first part of the week when someone reportedly shot and wounded a dog early in the morning.

From what we have been able to find out the local police were called in to finish the job.
